

OFFICE OF THE BOARD OF TRUSTEES

Public Meeting Notice

January 10, 2020

TO: Southern Oregon University Board of Trustees

FROM: Sabrina Prud'homme, University Board Secretary

RE: Notice of Regular Meeting of the Board of Trustees

The Southern Oregon University Board of Trustees will hold a regular meeting on the date and at the location set forth below.

Topics of the meeting will include reports from the university president, board committees, student leadership and faculty senate. Action items on the agenda include review and acceptance of the audited financial statements for the 2019 fiscal year; and the budget process for future fiscal years. Discussion items include a proposed board officer elections process; SOU's Strategic Plan report and update; a budget update including a review of the pro forma; college affordability and student debt; and a report on university advancement.

Other agenda items include updates on accreditation; the HECC capital process and SOU capital projects; revisions to the student success and completions model for state funding; government relations; and the tuition and fees process.

The meeting will occur as follows:

Friday, January 17, 2020
12:00 p.m. to 5:00 p.m. (or until business is concluded)
(Lunch to be provided for the board and selected staff members.)
Hannon Library, DeBoer Board Room, 3rd Floor, Room #303
Visit governance.sou.edu for meeting materials.
Visit sou.edu/video to stream the meeting proceedings at the time of the meeting.

The Hannon Library is located at 1290 Ashland Street, on the Ashland campus of Southern Oregon University. **To arrange special accommodations or to sign-up in advance for public comment, please contact Kathy Park at (541) 552-8055 at least 72 hours in advance.**

**Board of Trustees Meeting
Friday, October 18, 2019**

MINUTES

Call to Order/Roll/Declaration of a Quorum

Board Members:

| | | | |
|----------------------|---------|---------------------------|---------|
| Lyn Hennion | Absent | Deborah Rosenberg | Present |
| Les AuCoin | Absent | Daniel Santos | Absent |
| Jonathon Bullock | Present | Linda Schott (ex officio) | Present |
| Sheila Clough | Present | Barry Thalden | Present |
| Shaun Franks | Present | Bill Thorndike | Present |
| Megan Davis Lightman | Present | Steve Vincent | Present |
| Paul Nicholson | Present | janelle wilson | Present |
| Shanztyn Nihipali | Present | | |

In Chair Lyn Hennion's planned absence, Vice Chair Paul Nicholson called the meeting to order at 12:05 p.m. in the DeBoer Room of the Hannon Library. The Board Secretary recorded the roll and a quorum was verified.

Other attendees included: Dr. Neil Woolf, Vice President for Enrollment Management and Student Affairs; Greg Perkinson, Vice President for Finance and Administration; Dr. Susan Walsh, Provost; Dr. Jody Waters, Associate Provost; Jason Catz, General Counsel; Janet Fratella, Vice President for Development; Dr. Suresh Appavoo, Senior Executive for Equity and Diversity; Sabrina Prud'homme, Board Secretary; Ryan Schnobrich, Internal Auditor; Dr. Lee Ayers, Undergraduate Studies and HECC; Simone Stewart, SEIU; Denise Deneaux, President's Office; Josh Lovern, Budget Office; Tom Battaglia, Chief Information Officer; Dylann Loverro, ASSOU; Andrew Gay, Faculty Senate; Deborah Lovern, Provost's Office; Britney Sharp, ASSOU; Echo Fields, retired faculty; John Stevenson, Information Technology; and Kathy Park, Office of the Board Secretary.

This being the end of Trustee Shanztyn Nihipali's service as a trustee and his last meeting, Vice Chair Nicholson and President Linda Schott recognized Trustee Nihipali for his service, dedication, and leadership.

Public Comment

There was no public comment.

Consent Agenda

Trustee Deborah Rosenberg moved approval of the consent agenda, as presented. Trustee Barry Thalden seconded the motion and it passed unanimously.

Reports

President's Report

President Schott introduced two new staff members: Dr. Suresh Appavoo, Senior Executive for Equity and Diversity, and Denise Deneaux, Executive Assistant to the Office of the President. President Schott said Tom Battaglia, Chief Information Officer, has been added as a new member of her cabinet.

The president provided a recap of some of the work she did over the summer: attended the AASCU Summer Council of Presidents; attended an Inside Higher Ed conference; met with president colleagues and discussed issues facing their campuses; worked on various projects from her ranch in Texas; attended the Oregon Council of Presidents' retreat; attended the Oregon Coastal Caucus Economic Summit; and gave presentations to the House Education Committee on competency-based education and the Southern Oregon Higher Education Consortium.

President Schott discussed the upcoming Future-Ready Education Conference that SOU is hosting and her recent cabinet retreat. SOU recently received three awards: the SOREDI Collaboration Award; the Spirit of Enterprise award from The Chamber of Medford/Jackson County; and the AASCU Excellence and Innovation Award in the sustainability category.

Committee Reports

Academic and Student Affairs Committee - Trustee Steve Vincent said the committee had no action items. At the meeting, Dr. Susan Walsh mentioned SOU's continuing work with the HECC and other Oregon institutions on the implementation of House Bill 2998, the Provosts' Council's work on duplication of programs, work on Strategic Direction I, and upcoming curriculum proposals. Dr. Neil Woolf's report included statistics on usage at the Recreation Center and an update on Navigate. Drs. Eva Skuratowicz and Mark Shibley provided an enlightening presentation on SOU's student satisfaction survey.

Finance and Administration Committee - Trustee Sheila Clough said the committee spent much time on the fiscal year 2019-20 budget and started by looking backward. SOU ended the last fiscal year with a \$1.7 million loss, which was better than the projected \$2.4 million loss. The administration imposed cost savings which reduced the amount of the loss. The ending fund balance hit the target of 8 percent. Greg Perkinson reviewed the dashboard and provided an overview of the HECC's strategic capital plan and rubric and SOU's capital projects. Details of the proposed budget will be provided later in the meeting but Trustee Clough said the committee unanimously recommended approval of the proposed budget.

Executive and Audit Committee - Vice Chair Nicholson said the committee covered three main items: a report from the internal auditor with much discussion on the Clery Act; a report from the governance work group; and the president's evaluation and goals for the upcoming year. Regarding the Clery Act discussion, Trustee Clough stressed her belief that SOU has come a long way and there are not a lot of risk points for the university regarding Clery Act compliance.

Faculty Senate Report

Taking agenda items out of order, Andrew Gay provided the Faculty Senate report. They hired a PEAK student as an administrative assistant. The number one priority for the year is the general education process. Other priorities include the revised student evaluation process; revising the evaluation process of chairs, division directors and administrators; and looking at issues involving faculty rewards. Mr. Gay was pleased to report the digital cinema program exceeded its enrollment goal by four students.

Action, Information and Discussion Items

Accreditation Update

Dr. Jody Waters said that in the accreditation process, SOU provides evidence that it is doing what it says it is doing and is striving toward continuous improvement. In year one of the seven-year cycle, SOU assessed its mission, core themes, and institutional goals. In SOU's case, these are integrated with the strategic plan and are measured using the same instruments, which the NWCCU values.

The current midcycle report is formative and there is no required response built into this assessment. Dr. Waters discussed the goals and contents of the report and NWCCU's preliminary response. She also mentioned NWCCU's revised standards and challenges with evaluating whether those standards are met. The NWCCU peer evaluation team recently met with various committees on campus and the visit was successful. Vice Chair Nicholson said it was encouraging to hear that SOU is on the right track.

Enrollment Update and Completions Report

Discussing new students, Dr. Neil Woolf said there was a 7 percent decline in applications. However, the number of confirmed students increased from the previous fall as did the number of enrolled students. Zachary Olson mentioned some of the one-on-one efforts made with confirmed students to get them enrolled. Dr. Woolf said 79.4 percent of the students who applied were admitted, which may be too selective. The yield percentage from admits to enrolled was 44.2 percent, up from 41.7 percent last year. Discussion ensued on enrollment standards, scholarships and financial aid.

Regarding continuing students, Dr. Woolf said there was a decline in the number of undergraduate WUE students, especially those from California. The increase in Advanced Southern Credit means that, over time, fewer students need general education courses, which cuts into student credit hours. Dr. Woolf said traditionally SOU has matriculated about 20 percent of the high school students with Advanced Southern Credit experience and he would like to increase that percentage dramatically.

Dr. Woolf then highlighted residency and ethnicity statistics, as included in the meeting materials. Responding to Trustee Clough's comment, Dr. Woolf and President Schott said the current political climate, difficulties in obtaining visas, and gun violence in the U.S. are having a chilling effect on international students coming to SOU. Turning to completions, Dr. Woolf said there are good upward trends in 4, 5 and 6-year graduation rates and 45.6 percent in 2013 is SOU's high water mark.

Dr. Woolf said the key takeaways are: new undergraduates are ahead by 1 percent; new graduate students are up by 7.5 percent; continuing students remain a challenge; overall headcount remains stable; and there are more students of color.

Update to Strategic Direction VII (Action)

President Schott said Trustee Vincent pointed out the absence of tribal partners in Strategic Direction VII's list of partners with whom SOU would collaborate regarding economic vitality, civic engagement and cultural enrichment.

Trustee Vincent moved to amend Strategic Direction VII to add the word "tribal." Trustee Janelle Wilson seconded the motion and it passed unanimously.

Student Leadership Report

President Britney Sharp said the Associated Students of Southern Oregon University (ASSOU) soon would decide the issues it wants to address in the coming year.

Personally, she is passionate about the funding model, which is also an Oregon Student Association issue, and she has been appointed by the HECC as a student representative on its funding model task force. President Sharp will present to ASSOU the issue of having blood drives on campus and working with the FDA on amending its policy. Another topic ASSOU will discuss involves international students and complications they face at the university and in the community.

ASSOU now has a full senate, executive cabinet and judicial branch. ASSOU had its first event, an affordability fair that showcased off- and on-campus resources for students; it will also provide social media updates on the resources.

Amendments to Bylaws of the Associated Students of Southern Oregon University, Section 5: Student Fee Committees' Rules and Regulations

President Sharp said ASSOU made changes in its bylaws and described the process followed. Jason Catz provided background information on the need for changes in the bylaws regarding setting the student fees and President Sharp described some of the changes, as included in the meeting materials.

In accordance with the bylaws, changes in the process for setting the student fees must be done in consultation with the board. Vice Chair Nicholson said the board would be approving that ASSOU went through a thoughtful process to develop and adopt its bylaws and ended up with a set of bylaws that are ready for adoption by ASSOU. Trustee Jonathon Bullock moved the motion to approve this action; Trustee Rosenberg seconded the motion; it passed unanimously.

Ratification of Temporary Action: Online Graduate Tuition Rates; Jackson-Josephine County Pledge Tuition Rate (Action)

Vice Chair Nicholson provided background information for this item, saying the board received information about the need to decrease certain tuition rates for some of SOU's programs. When the board approved rates in May, it did not have competitive information on rates charged by competing programs. When the information became available, President Schott took temporary action and is seeking the board's formal approval.

Dr. Susan Walsh explained the changes sought would decrease the tuition rates for the Academic Partnerships online MBA and online Master of Science in Education programs. For the online MBA program, the requested tuition rate would be the same as in academic year 2018-19. Dr. Walsh said the timing of SOU's discussions with Academic Partnerships on tuition rates was different than the board's decision on tuition rates, which contributed to the disconnect between the Budget Office and the Provost's Office. The requested tuition rate for the online Master of Science in Education program would be the rate SOU negotiated with Academic Partnerships a year ago.

Explaining the changes sought for the rate for the Jackson-Josephine County Pledge, Dr. Walsh said there is a legacy formula from a few years ago, which sets SOU's tuition rate close to that of RCC. She requested the rate be set using the legacy formula.

At Trustee Clough's inquiry, Mr. Perkinson and Josh Lovern verified the requested changes were incorporated into the proposed budget the Finance and Administration Committee approved the previous day. Going forward, Mr. Perkinson said the tuition rates for the Academic Partnerships programs would be separated from the other programs.

Trustee Clough moved to approve the amendments to the online graduate tuition rates for the online MBA and online Master of Science in Education, and to the rate for the Jackson-Josephine County Pledge. Trustee Thalden seconded the motion.

Discussion ensued on concerns of devaluing an education at SOU and having a third-party determining SOU's tuition rates. Vice Chair Nicholson asked if this process of reworking the tuition rates every year would be a new normal for the board. Dr. Walsh said it would not be, that it was just missed this year. She said the revised baseline for the online programs would remain the same in the future.

The board voted and the motion passed unanimously.

Adoption of Fiscal Year 2019-20 Budget (Action)

Trustee Clough mentioned the earlier meeting of the Finance and Administration Committee, saying they had a robust conversation about the budget, looked at assumptions and past performance, discussed the methods used to develop the budget, and considered cost savings. The tool Mr. Lovern and his team used to develop the budget gave the committee comfort about how the budget was being formulated. The proposed budget is essentially break-even (with a negative \$71,000) and includes a \$2.4 million cost savings effort. The committee members felt comfortable that the administration will achieve the savings over the course of the year. The committee was unanimous in its support of the proposed budget.

Mr. Perkinson reviewed the pro forma presented in June, at which time the board approved an expense-only budget. He mentioned the concern that expenses might run high in the first quarter and reviewed the periodic management report that closed out the last fiscal year. Steve Larvick completed an assessment of the first quarter of fiscal year 2020, looked at the "burn rate," which was running high, and noticed some anomalies. For example, last year, there were \$12.1 million in expenses compared to \$13.1 million this year. Some of that increase can be attributed to timing (e.g., electric, gas and leases). Additionally, looking at the online MBA, last year's expenses were \$60,000 and this year they are \$215,000 and while expenses are greater, there also is more income.

Mr. Perkinson also reviewed the variables in the pro forma for the current year and future years, as included in the meeting materials. The seven variables are state funding, tuition, remissions, labor, other personnel expenses, enrollment, and supplies and services.

Regarding the \$2.38 million in cost reductions that are built into the proposed budget, there are two elements: near term and long term. The president and each vice president were assigned a cost reduction target based on three priorities: maintaining academic excellence, supporting student success, and achieving and maintaining

operating efficiency and effectiveness. Wanting an approach that would bring the campus together in a meaningful way, President Schott's presidential task force on financial sustainability will look hard at what deeper systemic changes are needed. President Schott then described the goals of the task force. Mr. Perkinson mentioned the identification of cost savings by the process improvement cadre and innovative labor cost reductions.

Responding to Trustee Wilson's inquiry, Mr. Perkinson discussed cost reductions in future years, including holding vacant positions open. Each director on the Business Affairs Council has been challenged to identify ways to achieve savings. Regarding future years, Mr. Perkinson said that some of the savings will be one-time savings while others will carry over.

Responding to Trustee Bullock's inquiry regarding the long term sustainability of leaving positions open, Mr. Perkinson said there are opportunities to drive efficiencies in work flow which would later become labor savings. Additionally, the presidential task force on financial sustainability will be looking at opportunities to automate more functions and some outsourcing is being considered. President Schott added that this goes to the heart of what is going to be tough about this work. SOU will be a changed organization, with some areas getting smaller and some possibly growing. It is pretty clear that SOU will have fewer undergraduate students and the question is what that will mean for faculty, support staff and resources dedicated to those students. President Schott added that the cost reductions will be tracked going forward, showing the allocation of each reduction to the part of the operation that is taking the reduction.

Trustee Clough moved to approve the resolution for the adoption of the fiscal year 2019-20 budget, as presented in the meeting materials, [in the sum of \$87,904,637 inclusive of budgeted operations in the sum of \$66,087,412, designated operations in the sum of \$5,514,181, and an auxiliaries budget in the sum of \$16,303,044]. Trustee Shaun Franks seconded the motion and it passed unanimously.

Development Update

Janet Fratella said the Office of Development exceeded last year's fundraising goal of \$3.2 million, raising \$3.3 million. She then reviewed the fundraising trends for the last 10 years, how the philanthropic support was used and sources of support.

The national average for the cost of a dollar raised is \$0.20 and SOU's cost is now \$0.19. SOU's investment in its fundraising program increased this cost and will result in more money being raised.

Ms. Fratella said the fundraising goal for fiscal year 2020 is \$3.75 million. The amount raised year-to-date is \$870,000, which exceeds the projection because of a very generous gift to the Oregon Center for the Arts. She then highlighted other recent gifts.

Her office's goals for this fiscal year are to raise \$3.75 million, solidify campus fundraising priorities for the next 5-7 years and build a culture of philanthropy.

Funding Model Update

Greg Perkinson said the HECC work group, comprised of various individuals from the Oregon public universities and other groups, is reviewing the funding model. SOU

created a work group which focused on strategy and process. Mr. Catz said there were certain aspects to the model that SOU wants to add to the conversation at the HECC work group level (e.g., compounded weighting and rewarding equity issues).

Government Relations and Legislative Update

Jeanne Stallman said the members of the Legislative Action Committee have agreed to a shared focus on capital projects, student food insecurity, and discussions on expanding the Student Success Act to higher education. The TRUs also agreed on a shared agenda and have been working very well together.

Southern Oregon Higher Education Consortium Update

Dr. Neil Woolf said he has been meeting with his counterparts from OIT, KCC and RCC to talk about a number of issues. They do not view themselves as competitors, rather they work together to raise the college-going rate of students, bring adult learners back and help with transfer issues. Topics have included reverse transfer which improves community college completion rates; restoring view access to Banner for some RCC counselors to help with advising; gathering data and more stories on transfer students; and better-leveraging credits from high schools.

Responding to Trustee Megan Lightman's inquiry, Dr. Susan Walsh said there has been no mention of mergers or acquisitions among the four members, that the approach is more synergistic. Dr. Walsh said she and her counterparts have focused on creating a shared website for a lot of good information for employees and students (e.g., clear articulation pathways, links to make access to information easier, professional development opportunities and events of common interest). They also have discussed badges/alternative credentials, eliminating transfer barriers and better communication structures with the enrollment and student affairs offices.

2018-19 Board Evaluation

Vice Chair Nicholson referenced the summary in the meeting materials and said a big takeaway is that a majority of the trustees believe the board meets the right number of times and about the right amount of time.

Planning for 2030: Considerations for Higher Education

President Schott referred to the HECC's Strategic Capital Development Plan included in the meeting materials. She said the HECC got some things wrong in the plan, which she pointed out to the trustees and will ask the HECC to correct. Trustee Lightman said the discouraging numbers in the plan speak to the work President Schott is undertaking to reengineer the university. President Schott said the predictions are based on past history; however, if SOU does things differently or if the region working together can begin to boom, it will help everything.

Vice Chair Nicholson said he is gratified to see that SOU is dealing now with population declines, which is positioning the institution to be nimble and to be hurt less by the decline. Trustee Vincent mentioned SOREDI is completing its long term regional strategic plan which is intended to benefit other entities; this might provide an opportunity for SOU to identify an issue it wants to take on, similarly.

Regarding space utilization and looking at the buildings SOU has, President Schott said SOU currently has a good physical plant but there is a lot of space that can be used

to generate revenue. Trustee Clough added that space will probably be less of a need in the future.

Review of President's Evaluation – Executive Session [Pursuant to ORS 192.660(2)(f) and (i)]

Vice Chair Nicholson said the board would go into executive session to review the president's evaluation. For the record, he stated that, pursuant to ORS 192.660(2)(f) and (i), the board would enter into executive session to review and evaluate the employment-related performance of the chief executive officer, who does not request an open hearing, and to consider information or records that are exempt by law from public inspection. Pursuant to ORS 192.660 (4), representatives of the news media were allowed to attend the executive session; no members of the media were present. Continuing, Vice Chair Nicholson said, pursuant to ORS 192.660 (6), no final action will be taken or final decision made in the executive session. At the end of the executive session, the meeting would return to open session and members of the public would be welcomed back into the room.

In addition to trustees, the following persons were permitted to remain for the executive session: University Board Secretary, Sabrina Prud'homme; General Counsel, Jason Catz; and President Schott, who remained for a portion of the executive session.

The audio recording was stopped and the board began its executive session. In concluding the executive session, Vice Chair Nicholson returned the meeting to open session.

President's 2019-2020 Goals (Action)

The board reviewed President Schott's goals as included in the meeting materials. Trustee Wilson praised the second goal regarding shared governance.

Trustee Lightman moved to adopt the goals, as presented. Trustee Nihipali seconded the motion and it passed unanimously.

Future Meetings

Vice Chair Nicholson referred to the meeting schedule included in the meeting materials. He mentioned the September retreat that was cancelled and added that having an annual retreat is very important. Vice Chair Nicholson said the new proposed dates for a retreat are January or April, which could be done by reworking the meeting schedule to build in time for the retreat; to have strong attendance at the retreat, he asked trustees to include both proposed dates on their calendars and to let him know if either of them would not work.

Adjournment

Vice Chair Nicholson adjourned the meeting at 5:10 p.m.

Questions?

Responsibilities under US Generally Accepted Auditing Standards (GAAS)

Responsible for:

- Expressing opinions whether financial statements are in conformity with US GAAP in all material respects.
- Expressing opinions only over information identified in our report. Other information included in your financial statement package will be read/reviewed, but not subject to testing.
- Performing audit in accordance with required auditing standards.
- Communication of significant matters related to audit, information required by law/regulations, or other information agreed upon.

Responsibilities under GAAS (continued)

An audit in accordance with GAAS:

- Does not relieve management of responsibilities.
- Includes consideration of internal control as basis for audit procedures, but not to opine on effectiveness of internal controls.
- Is designed to obtain reasonable, but not absolute, assurance about whether statements are free of material misstatement.
- Includes Generally Accepted Government Auditing Standards.

Scope of Engagements

Financial Statement Audit

Single Audit
Student Financial Aid

Financial Statement Audit Results

Opinion – unmodified

Findings – none

Financial Statements

Total assets down \$9 million

- Decreases in notes receivable and investments

Total liabilities down \$5 million

- Accounts payable down \$5 million; net pension liability up \$2 million

Operating loss up (\$8) million

- Auxiliary revenue down \$2.2 million
- Operating expense up \$4.7 million (up \$4.8 million when removing pension expense)

Financial Statements (continued)

Nonoperating revenues (expenses) up \$3.6 million

- No Perkins Loan liquidation in current year. (\$2.3 million loss in PY.)

Capital Appropriations down \$15 million

Single Audit Results

Required Communications to Governance

Qualitative Aspects of Accounting Practices

- Accounting Estimates

Moody's Outlook for Higher Education

After two years at *negative*, upgraded to *stable*.

- Large comprehensive institutions expect 3 – 4% increase in operating revenue.
- Certain factors may disrupt stable outlook (market turndown; policy changes /could reduce international enrollment).

Business conditions “will remain difficult” next 12 – 18 months, but not expected to deteriorate materially.

- Tuition may continue to drag.
- Some institutions will fare better than others; potential closures.
- Expects institutions to continue to streamline operations (mergers).
- Online learning; way to reach other markets, but may become more saturated.

Why do Institutions Struggle with Information Technology?

- Resources to be effective and efficient is extremely high
- Difficult to hire given higher education pay scale; recruiting
- Always changing; obsolete the second you turn system on!

Why do is it important for the Investment in Information Technology?

- Best means to become cost effective
- Student generation is demanding it
- A.I. is sweeping all industries
- Competition
- Cyber security is impossible to maintain without great systems

Information Technology - Cybersecurity

Figure 41. Click rate in phishing tests by industry

Education continues to be plagued by errors, social engineering and inadequately secured email credentials. With regard to incidents, DoS attacks account for over half of all incidents in Education.

| | |
|-------------------------|--|
| Frequency | 382 incidents, 99 with confirmed data disclosure |
| Top 3 patterns | Miscellaneous Errors, Web Application Attacks, and Everything Else represent 80% of breaches |
| Threat actors | External (57%), Internal (45%), Multiple parties (2%) (breaches) |
| Actor motives | Financial (80%), Espionage (11%), Fun (4%), Grudge (2%), Ideology (2%) (breaches) |
| Data compromised | Personal (55%), Credentials (53%), and Internal (35%) (breaches) |

Board Officer Election Process

Board of Trustees

Proposed Process for Election of Board Officers

Issue

The system used by the board for the last five years has been as follows:

1. Board Secretary reaches out to all members of the board to invite them to make recommendations or self-nominations for the positions of Chair and Vice-Chair.
2. Board Secretary contacts all those who have been identified to establish whether they would be willing to serve and discuss responsibilities, time commitments and requirements of the officer roles. Some potential nominees decide to withdraw at this stage.
3. At the June board meeting, the current Chair asks the board Secretary to identify those recommended and those who have withdrawn from consideration. The Chair then asks for a motion to nominate the Chair and Vice-Chair. Nominations are seconded.
4. After discussion (often somewhat awkward) the board votes for the Chair and then for the Vice-Chair.

Pros

1. Minimal time commitment from Staff and Board on process
2. Simple process and easy to administer
3. Transparent process

Cons

1. Awkward to publicly nominate oneself or others on the spot in real time
2. Doesn't allow for those nominated to thoroughly consider whether or not they have the capacity or bandwidth in advance of the election
3. Can feel like a popularity contest
4. Creates a reputational risk or possible embarrassment for those that are nominated and aren't elected

Proposal

We propose that the board consider a new approach to the election of officers, using an ad hoc committee to identify prospective candidates, review their qualifications, and make appropriate recommendations to the board.

The process would be as follows:

1. Board Chair establishes an ad hoc Nominating Work Group made up of a number of members that is less than the number that makes up a quorum. A past officer should be included if possible.
2. The Board Secretary will serve as a member of the Nominating Work Group.
3. No member of the Nominating Work Group shall self-nominate or be considered for Chair or Vice Chair positions.
4. The Chair of the Work Group invites board members to submit nominations for Chair and Vice-Chair.

5. The committee reviews all nominations and discusses with the nominees whether they would be willing to serve in the respective roles.
6. Those who are willing to serve are asked to submit a brief statement expressing their interest, and outlining what they would bring to the respective positions.
7. A designated member of the Work Group will seek the input of the President.
8. The committee reviews the statements, considers the past and current engagement of the nominees and determines who would be the strongest candidate for each position.
9. The unsuccessful candidates are advised that they have not been chosen.
10. At the June board meeting the committee makes a recommendation (by way of a motion) to elect the Chair and the Vice-Chair.
11. The board votes on the election.

Pros

1. Would remove the awkwardness experienced in the past when nominations are discussed in the full board meeting.
2. The qualifications and qualities of the nominees would be discussed in a confidential setting and weighed more carefully than the present system allows.
3. The privacy of the unsuccessful candidates would be preserved.

Cons

1. The new approach could be seen as a way of reducing the board's ability to consider all candidates for the officer positions.
2. The new approach could be seen as a few Board members making the decision of who will serve as new officers for the whole.
3. Might feel less than transparent.

Strategic Plan Report and Update

Strategic Plan Progress Report

Report to the Board of Trustees on 1/17/20

| | | Jan. 2019 Count | June 2019 Count | Jan. 2020 Count † |

* Active objectives included only if one or more specific means of assessment(s) have been identified to measure it.

SD1: SOU will transform its pedagogy and curriculum (how and what it teaches) to enhance the success of its learners and graduates.

Goal One: A task force consisting of over twenty faculty and staff was formed in spring 2019 with the goal of transforming the general education curriculum. A small subset of the group met over the summer to lay the foundation for work to begin in earnest fall 2019. Since then, the task force has produced six *General Education Capacities*, which will guide the development of learning objectives and proficiencies. The task force anticipates completing its work by fall 2020 when implementation of the new general education curriculum begins.

We added the following offerings to the curriculum: 1) concentrations in Finance and Healthcare Administration to the online MBA program; 2) online Master of Science in Education; 3) Digital Cinema major; 4) online Innovation and Leadership (INL) major; 4) online Psychology major. A new major in Gender, Sexuality and Women's Studies (GSWS) with a Transgender certificate is currently moving through the approval process and slated to begin fall 2020.

Goal Two: Several task forces convened to review and/or revise policies and/or processes related to faculty hiring, promotion, and tenure. Specifically, they examined the annual Faculty Professional Activities Report (FPAR); performance expectations for Post-tenure faculty; the faculty rewards system; and, student course evaluations. Several recommendations that came out of this work centered on the need to increase the visibility of faculty accomplishments, and provide additional opportunities for professional development in areas that promote student success. To that end, we have established an annual award honoring outstanding faculty research and creative activity; and, we created additional opportunities for professional development in the areas of adult learners, culturally responsive pedagogy, sustainability, and innovation.

Goal Three: We have made progress with the development of policies and practices for offering alternative credentials. After reviewing several options, we decided to build upon a platform we already have in place to begin awarding badges in winter 2020. We also revised and expanded our existing Credit for Prior Learning program—which is currently limited to students majoring in INL—to include ALL students. Relatedly, approval of an academic policy allowing for credit for military service is underway. Using a tool known as DANTES (the Defense Activity for Non-Traditional Education Support), SOU will begin awarding credit to veterans and active service members for skills acquired in their military occupations.

SOU was among a select group of institutions that participated in the *Learning Recognition Collaborative*, a project developed by a group of experts on competency-based education in coordination with the National Institute for Learning Outcomes Assessment (NILOA). We now have access to an online “toolbox” designed to help institutions scale their prior learning assessment (PLA) and competency-based education efforts.

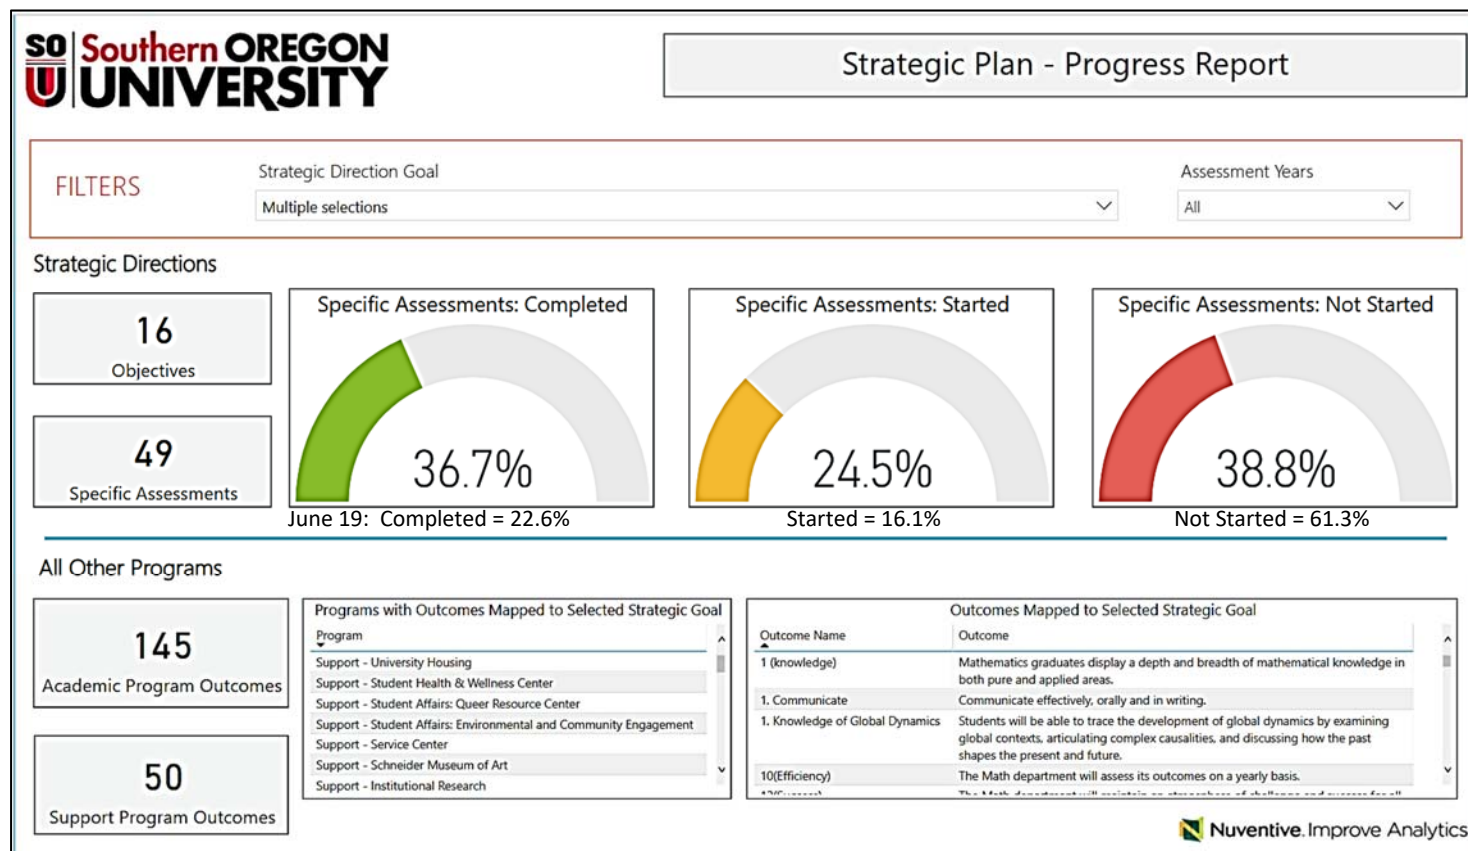

SOU participated in a *Prior Learning Assessment Impact Study* sponsored by the Council for Adult and Experiential Learning (CAEL) and the Western Interstate Commission for Higher Education (WICHE). The purpose of the study was to assess the impact of various forms of PLA on student outcomes (e.g. persistence and completion). This includes but is not limited to standardized exams, challenge exams, portfolio assessment, and credit for military service, external training or other occupations. The results will provide SOU with up-to-date data detailing the relationship between PLA and college completion, and a better understanding of needs and strategies related to adult learners and students from underserved communities.

Goal Four: A major accomplishment in this area was the creation of an Academic Program Review (APR) process. All academic programs will undergo a thorough review according to a three-year rotation schedule. It is important to note that the data associated with APR will be greatly enhanced by the Academic Performance Solutions software we recently acquired to assist the President's Task Force on Financial Sustainability. Lastly, SOU successfully completed its NWCCU mid-cycle accreditation review report and on-site evaluation.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction I - SOU will transform its pedagogy and curriculum to enhance the success of its learners and graduates.

Goals 1 through 4 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 1 - Transform Pedagogy & Curriculum

Assessment Coordinator: Sue Walsh - Strategic Direction 1 Sponsor

Program Notes: SOU will transform its pedagogy and curriculum (how and what it teaches) to enhance the success of its learners and graduates.

Goal 1 - SOU will develop curriculum and provide learning experiences that prepare all learners for life and work in an evolving future; connect directly with the challenges of our community, region, and world; and build self-confidence and the capacity to think critically, innovate boldly, and create lives of purpose.

| Objectives | Means of Assessment | Results | Actions Taken |
|--|---|--|--|
| Study pedagogy and curriculum (SD 1.1) - Study best practices in pedagogy and curriculum Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019, 2019 2020 | Process Analysis - PLC focusing on general education Target: Convene PLC, conduct research, analyze, and disseminate findings Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met PLC convened and completed work with results disseminated to campus during the Spring 2019 Expo. (12/10/2018) Related Documents: Gen-Ed-PLC-2019.pdf | Action Taken: Research and analysis from the PLC presentation will inform the GE task force plans and processes. (01/01/2019) |
| | Process Analysis - PLC focusing on upper division education Target: Convene PLC, research, analyze, and disseminate findings Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met PLC convened and completed work with results disseminated to campus during the Spring 2019 Expo. (06/04/2019) Related Documents: Upper-Division-Education-PLC-Report-April-2019.pdf | Action Taken: Research and analysis from the PLC presentation will inform overall curricular revisions. (09/16/2019) |
| | Task - Create a project plan and process for the General Education Task-force. Target: Plan created Notes: This work-group will convene during Summer 19 and inform the work that will be done by the GE Task-force. Assessment Status: Assessment | Reporting Period: 2019 2020 Result Type: Target Met First phase result: Task-force met throughout Summer and Fall 19 and produced an outline of "General Education Capacities" that will serve as the starting point for a new general education curriculum. (12/17/2019) Related Documents: Learning Capacities for General Education.docx | Action Taken: Results from this work group will inform general education revisions of curriculum and content. (01/01/2019) |

| Objectives | Means of Assessment | Results | Actions Taken |
|---|--|--|---|
| | Completed | | |
| | Task - Convene a General Education Task-force. Target: Fulfill the charge as identified and approved by the Faculty Senate. Notes: This GE Task-force will include appr. 15 faculty and other administrators as needed and may take up to two years to complete its work as general education reform can be a long and difficult process. Assessment Status: Assessment Started but not Completed | Reporting Period: 2018 2019 Result Type: Target Met Faculty Senate approved the official charge of a work-group that will be tasked to transform general education. (06/04/2019) | Action Taken: Task force will continue to meet in its effort to revise general education curriculum and content. (09/16/2019) |
| | Task - Conduct curricular audit Target: Curriculum audited Notes: New curriculum informed by PLC findings Assessment Status: Assessment Not Started Yet | | |
| | Task - Revise structure and content of curriculum Target: New curriculum implemented Notes: Revised curriculum informed by both PLC findings and research of best practices Assessment Status: Assessment Not Started Yet | | |
| Inventory learning experiences (SD 1.1) - Identify and create curricular and co-curricular opportunities Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 | Task - Catalog opportunities to "connect to community, region, world" Target: Catalog established Assessment Status: Assessment Completed | Reporting Period: 2017 2018 Result Type: Target Met Identified capstones, internships, and practica coordinators by program (06/06/2019) Related Documents: Coordinators of Learning Experiences.docx | Action Taken: Coordinator lists will be used as reference to help identify and catalog inventories of curricula and opportunities defined within goal 1. Specifically, 1) connect to community, region, and the world, 2) think critically, 3) innovate boldly, and 4) to create lives of purpose. (09/16/2019) |

| Objectives | Means of Assessment | Results | Actions Taken |
|--|---|---|--|
| | | Reporting Period: 2018 2019 Result Type: Target Met Updated drafts of inventory complete. (see attached docs) (12/28/2018) Related Documents: SD1Goal One Inventory of Learning Experiences 06_19.docx | Action Taken: Inventories will be used to inform new and revised curricula and pedagogy. Goal 4 - SOU will engage in ongoing assessment of academic and academic support programs in order to further a process of continuous improvement.

| <i>Objectives</i> | <i>Means of Assessment</i> | <i>Results</i> | <i>Actions Taken</i> |
|--|--|---|---|
| Academic Program Review (SD 1.4) - Establish process and schedule for APR Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 | Task - Delegate Work Group to develop formal work process Target: Work group convened Notes: A schedule of academic programs with expected years for their review will be identified Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Work group met during Winter/Spring 2019 and developed a draft template for APR (see attached doc) (06/06/2019) Related Documents: Academic Program Review Template FIRST DRAFT.pdf | Action Taken: Work group results inform template requirements for APR process. (10/21/2019) |
| | | Reporting Period: 2018 2019 Result Type: Target Met Pilot programs to use the APR template to complete review, results submitted in Fall 19. (06/06/2019) | Action Taken: Results from programs that pilot tested the process were used to modify template. (11/11/2019) |
| | Task - Revise APR template based on feedback and finding from pilot implementation. Target: APR revised Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met APR template, final revision, completed after pilot process with Biology and Business completed. Psychology report to be resubmitted due to underdeveloped "program planning portion" within the report. (12/17/2019) Related Documents: Academic Program Review FINAL DRAFT.docx Academic Program Review_Biology 2019.pdf Academic Program Review - Business 2019.pdf | Action Taken: Final version of APR template and defined process used in preparation for "hand-off" to SOU Institutional Research. (10/28/2019) |
| | Task - Implement APR schedule and process Target: Review from the identified programs completed on schedule Notes: Schedule will identify approximately 1/3 of all academic programs to be reviewed each year. After a three year cycle all programs will have been reviewed. Reviews will begin in Winter quarter and submitted in Spring. Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Three year APR schedule established. (12/17/2019) Related Documents: Academic Program Review Schedule.docx | Action Taken: Established schedule to be used to routinize the APR process. (12/18/2019) |
| | | Reporting Period: 2019 2020 Result Type: Target Met Process for conducting APR outlined in the APR template. Additionally the Institutional Research Office has been tasked to pull all reports defined in the APR template and distribute to each program chair in the month of January of each academic year for the 10 programs up for review as defined in the schedule of programs document. (12/17/2019) | Action Taken: No action necessary. Integration of APR process is complete and conducted through coordination with the Provost's office, University Assessment office, and the Office of Institutional Research. (12/18/2019) |

SD2: Employer of Choice and Service Excellence at SOU

This summarizes status, actions and the road ahead for two goals within Strategic Direction 2 – Southern Oregon University (SOU) “**will become an employer of choice and provide excellent service to all of its constituents.**” There were four specific goals and two of them were identified as immediate priorities (#1 and #4).

- **Goal One:** SOU will develop effective orientation, training and professional development programs as well as a performance management process that rewards employees for continuous improvement.
- **Goal Two:** SOU will improve its customer experience by streamlining business processes.
- **Goal Three:** SOU will align its internal and external communications to foster greater collaboration and enhance its credibility.
- **Goal Four:** SOU will design and implement a program that will develop a culture of service excellence in all employees

Goal one: The new employee Orientation program was initiated on January 2019 and after one full year, 39 employees have attended, 32 of which responded to a feedback survey (82%). Overall experience and comments have been very positive. Since Faculty and Term-by-Term appointments attend a separate orientation through Academic Affairs and their respective divisions, their participation is currently optional. The session begins with President Schott describing the Vision, Mission, Values and Strategic Plan. Then, a “Culture of Service Excellence” overview is provided by me, the Vice President of Finance and Administration. Next is a presentation by our Senior Executive of Equity and Diversity. This is followed by an additional 15 business partners who explain the perks and benefits of their areas and working at SOU. In addition, in 2019 approximately 100 new employees experienced a digital intake process to expedite and streamline required employment paperwork. On the professional development front, we implemented *LinkedIn Learning* and over 4000 videos have been viewed to date. HR partners with Outreach and Engagement to also offer three in-person trainings a year, where all have been well-attended and with wait-lists. The next step is to improve Performance Management for administrator and classified employees, as well as assess the student employment experience.

Goal two: A cadre of employees interested in becoming process improvement facilitators was established. This team has met twice, and developed a Team Drive with industry resources (to establish a tool kit). The accounting process is being streamlined by moving the Service Center accountants under the direct supervision of the Deputy Director of Business Services. This will improve communication and technical competency. In another example, a team was formed to study the student employment process. After multiple team meetings, ideas are being implemented which will streamline (and digitize) the initial application process, simplifying the process (and experience) for future student employees.

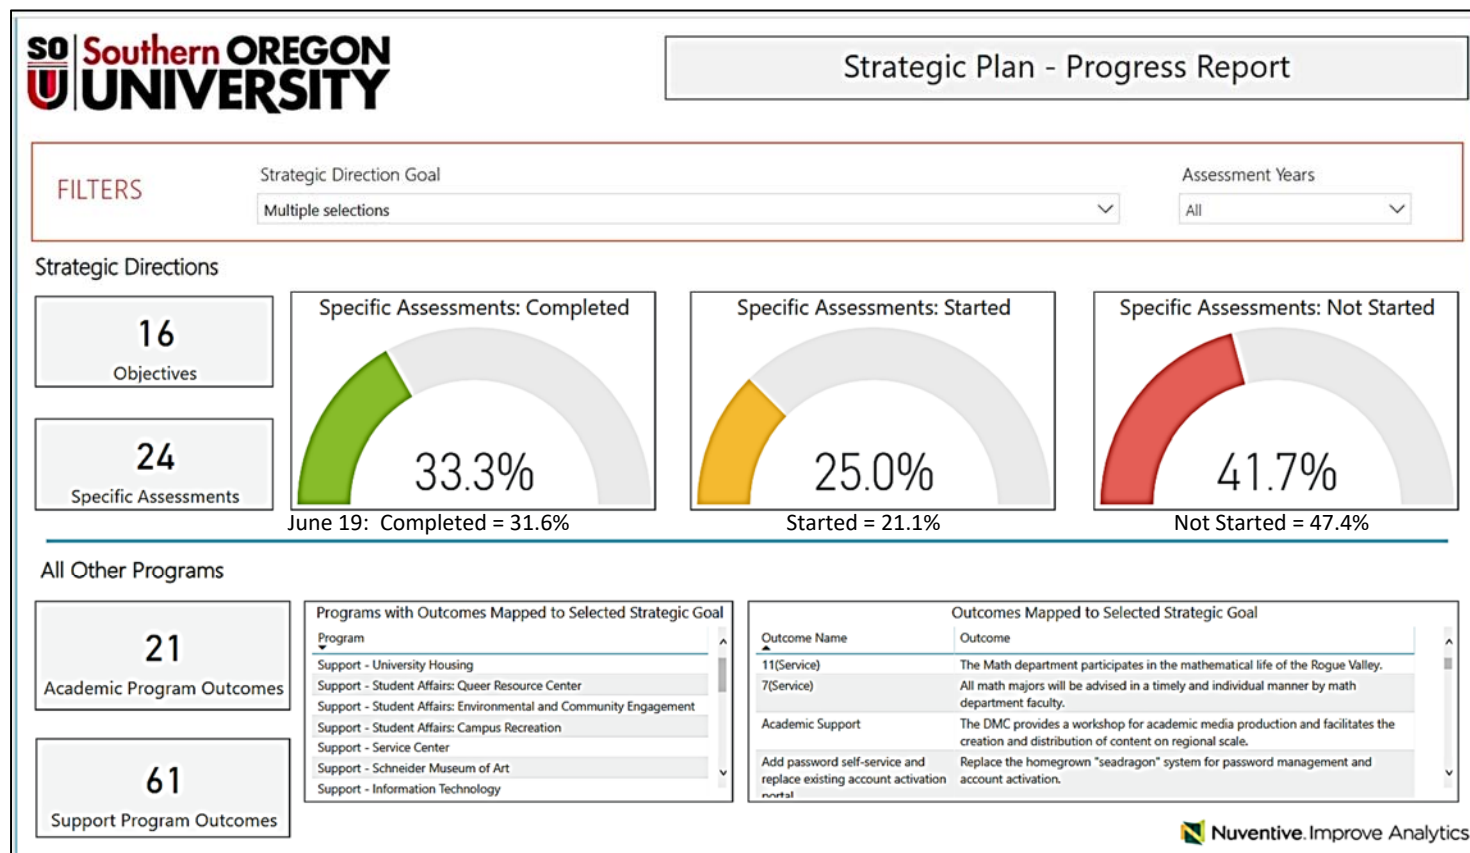

Goal three: On 1/1/2020, the university realigned all units with formal responsibility for internal and external communications. A new Division of University Advancement brings together the departments of Development and Alumni Relations with Marketing, Communications, Governmental Relations and Grants. VP Fratella will lead the Advancement team. We are enthusiastic about the potential for leveraging the university’s messages and their various platforms to build a stronger SOU brand and increase external resource development.

Goal four: Creating a culture of *service excellence*. The President and all Vice Presidents are actively looking for opportunities to recognize excellence with a service excellence COIN. So far, xx COINs have been presented. In addition, COIN recipients are often given a second COIN, with instructions to pay it forward and recognize a peer, or other employee. The *Institutional Effectiveness* (IE) program was de-centralized with the Business Affairs Council, and a corrective action tracking tool was developed to support Internal Audit (and improve Management tracking). Risk management is part of the operating rhythm in BAC also. And, IE teams have been formed to pursue process improvement and conduct After Action Reviews (AAR). Six AARs have been conducted to date (documenting what happened, why it happened, identifying options, and deciding on a corrective course of action).

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction II - SOU will become an employer of choice and provide excellent service to all of its constituents.

Goals 1 through 4 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 2 - Become an Employer of Choice that Provides Excellent Service

Assessment Coordinator: Greg Perkinson - Strategic Direction 2 Sponsor

Next Program Review: 2018 2019

Program Notes: SOU will become an employer of choice and provide excellent service to all of its constituents.

Goal 1 - SOU will develop effective orientation, training and professional development programs as well as a performance management process that rewards employees for continuous improvement.

| Objectives | Means of Assessment | Results | Actions Taken |
|---|--|--|--|
| Training and mentoring - Provide training and development opportunities to all employees. Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019, 2019 2020 Start Date: 07/02/2018 End Date: 12/31/2019 | Task - Provide new managers with one-on-one HR orientation on supervisor, manager and compliance best practices/training. Target: For example, Collective Bargaining Agreement, University policies, employment law and time and attendance awareness training. Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met HR management met with each new manager hired/promoted who has direct reports to review SOU structure, employee/labor relations and expectations as a supervisor. (03/01/2019) | Action Taken: The Classification, Compensation and Recruitment Manager arranges for a meeting with the Director of HR or the Assistant Director of HR within first 30 days of hire or promotion to a supervisory role to cover content and accountability. (01/06/2020) |
| | Task - Provide access to computer based and in-person development and training Target: January 2019 implemented online training for all employees through LinkedIn Learning and HR Sponsored in-person training through Outreach and Engagement. Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Since January 2019 over 4000 videos have been viewed through LinkedIn Learning. In-person trainings have been well attended and with wait-lists. (01/06/2020) | Action Taken: Implemented LinkedIn Learning effective 12/1/2019 to offer online professional development courses to existing SOU employees. (01/06/2020) Action Taken: HR partnered with Outreach and Engagement to offer three in-person trainings per year (one each academic term) on the Ashland campus. (01/01/2019) |

| Objectives | Means of Assessment | Results | Actions Taken |
|---|---|---|---|
| New employee orientation - Implement systematic “onboarding” programs to help new employees optimize performance by forming relationships and accessing central information from the start. Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 Start Date: 05/22/2018 End Date: 12/31/2019 | Task - In-person orientation. All new employees will attend an in-person orientation ideally within the first 30 days of employment. Since Faculty and term x term appointments attend a separate orientation through Academic Affairs and their respective divisions, their participation is currently optional. Target: Implement pilot December 2018. Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Since implementation on January 2019, and after one full calendar year, 39 employees have attended and 82% of employees completed survey. Overall experience and comments are very positive. (01/06/2020) | Action Taken: Convened business partners and identified perks and information valuable to new employees. Created a PowerPoint to present information in a professional and engaging manner. Orientation includes 18 presenters, three of which include the university's Executive Leadership Team (i.e. President, Vice President for Finance and Administration, Senior Executive for Equity and Diversity). (01/06/2020) Action Taken: Implemented onboarding survey for employees who attended in-person new hire orientation. (01/15/2019) |
| | Task - Digital intake of required employment paperwork. Target: Implement January 2019. Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Since implementation, approximately 100 employees have completed new employee paperwork digitally/online. (01/06/2020) | Action Taken: Reviewed, selected and deployed the onboarding module within PeopleAdmin. (01/01/2019) Action Taken: Previewed digital onboarding module HR business partners so that they understand the new employee digital experience. (01/01/2019) |
| Internal Communications - Improve internal communications and transparency by providing internal stakeholders sufficient information to enable their active participation in ongoing SOU operations. Objective Status: Active Assessment Year(s): 2018 2019 Start Date: 05/14/2018 End Date: 08/10/2018 | Task - Reorganize to synchronize communications with marketing and enable leadership Target: Consistent messaging, integration with alumni, etc. Assessment Status: Assessment Started but not Completed | Reporting Period: 2020 2021 Result Type: Target Met Establish VP of University Advancement (combines Development with Marketing, Communications, Gov Relations and Grants) (01/01/2020) | Action Taken: monitor health of organization and establish KPIs (as next actions) (03/31/2020) Action Taken: Organization studied, roles, responsibilities, authority and accountability established. VP Fratella appointed (01/06/2020) |

|--|---|---|---|
| Form Service Excellence Work Group - Form Service Excellence Work Group, identify charter and way-ahead Objective Status: Active Assessment Year(s): 2017 2018 Start Date: 04/18/2018 End Date: 05/01/2018 | Task - Cabinet approve WG's framework Target: Obtain feedback, get approval of framework, methodology and tools Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Framework approved (08/06/2018) <hr/> Reporting Period: 2018 2019 Result Type: Target Met Work group formed with clear path (05/01/2018) | Action Taken: Group formed (06/01/2018) |
| Develop Service Excellence Framework - Study relative benchmarks, discuss pros/cons and coordinate framework for approval/implementation Objective Status: Active Assessment Year(s): 2017 2018 Start Date: 05/01/2018 End Date: 05/24/2018 | Task - Present Framework to Executive Council and Cabinet, receive feedback and amend as required for implementation Target: Verbal review and Approval Notes: briefed on 14 May Assessment Status: Assessment Completed Related Documents: Service Excellence.pptx | Reporting Period: 2018 2019 Result Type: Target Met Framework developed, and briefed (01/04/2020) <hr/> Reporting Period: 2017 2018 Result Type: Target Met J. King suggested referring to empowerment; Scott recommended considering how/when use of "customer" is presented (05/24/2018) | Action Taken: Framework developed (06/15/2018) <hr/> Action Taken: Met with Jeanne S and Cynthia Scherr to discuss S.E. framework, implementation, and validate values in the model. (05/24/2018) |
| Teach model // set expectations with Cabinet; then implement cascading teaching model - Present updated framework and teaching 'vignettes' to cabinet Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019 Start Date: 05/24/2018 End Date: 06/04/2018 | Task - obtain approval of teaching methodology from Cabinet; and validate future timeline Target: Approval granted on 2 June Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Last Division briefings were to Academic Affairs (at retreat) (10/10/2018) <hr/> Reporting Period: 2018 2019 Result Type: Target Met Taught remaining Div Directors (10/10/2018) <hr/> Reporting Period: 2019 2020 Result Type: Target Met Cabinet approved concept...now implement 'cascading teaching model' (07/09/2018) | Action Taken: Divisions briefed (10/10/2018) <hr/> Action Taken: Last briefing at Academic Affairs off-site (10/10/2018) <hr/> Action Taken: Managers teach employees (03/27/2020) Action Taken: Directors teach Managers (06/28/2019) |
| Integrate KPIs into service excellence model - Integrate Key Performance Indicators into Service Excellence model; assess data monthly; monitor results Objective Status: Active | Task - Conduct Customer Satisfaction Surveys Target: 98% customer satisfaction = world class Assessment Status: Assessment Started but not Completed | | |

| Objectives | Means of Assessment | Results | Actions Taken |
|--|--|--|---|
| Assessment Year(s): 2018 2019 Start Date: 08/01/2018 End Date: 10/31/2018 | Task - Service Recovery - measure volume Target: Identify the number, type and resolution of negative customer interface (aka Service Recovery) Assessment Status: Assessment Not Started Yet | | |
| | Task - Financial Year-end close out - variance assessment and clean audit Target: minimize variance to less than 10% variance to budget; obtain clean external audit Assessment Status: Assessment Not Started Yet | | |
| Present initial results to Board - Provide holistic review of framework and initial results to Board Objective Status: Active Assessment Year(s): 2018 2019 Start Date: 11/01/2018 End Date: 11/21/2018 | | | |
| Conduct lessons learned review - Conduct review of lessons learned (surveys, interviews and observable data) Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 Start Date: 11/01/2018 End Date: 12/31/2018 | | | |
| Training and mentoring - Provide training and development opportunities to all employees. Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019, 2019 2020 Start Date: 07/02/2018 End Date: 12/31/2019 | Task - Provide new managers with one-on-one HR orientation on supervisor, manager and compliance best practices/training. Target: For example, Collective Bargaining Agreement, University policies, employment law and time and attendance awareness training. Assessment Status: Assessment | Reporting Period: 2018 2019 Result Type: Target Met HR management met with each new manager hired/promoted who has direct reports to review SOU structure, employee/labor relations and expectations as a supervisor. (03/01/2019) | Action Taken: The Classification, Compensation and Recruitment Manger arranges for a meeting with the Director of HR or the Assistant Director of HR within first 30 days of hire or promotion to a supervisory role to cover content and accountability. (01/06/2020) |

| Objectives | Means of Assessment | Results | Actions Taken |
|--|---|---|---|
| | Completed Task - Provide access to computer based and in-person development and training Target: January 2019 implemented online training for all employees through LinkedIn Learning and HR Sponsored in-person training through Outreach and Engagement. Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Since January 2019 over 4000 videos have been viewed through LinkedIn Learning. In-person trainings have been well attended and with wait-lists. (01/06/2020) | Action Taken: Implemented LinkedIn Learning effective 12/1/2019 to offer online professional development courses to existing SOU employees. (01/06/2020) Action Taken: HR partnered with Outreach and Engagement to offer three in-person trainings per year (one each academic term) on the Ashland campus. (01/01/2019) |
| New employee orientation - Implement systematic "onboarding" programs to help new employees optimize performance by forming relationships and accessing central information from the start. Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 Start Date: 05/22/2018 End Date: 12/31/2019 | Task - In-person orientation. All new employees will attend an in-person orientation ideally within the first 30 days of employment. Since Faculty and term x term appointments attend a separate orientation through Academic Affairs and their respective divisions, their participation is currently optional. Target: Implement pilot December 2018. Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Since implementation on January 2019, and after one full calendar year, 39 employees have attended and 82% of employees completed survey. Overall experience and comments are very positive. (01/06/2020) | Action Taken: Convened business partners and identified perks and information valuable to new employees. Created a PowerPoint to present information in a professional and engaging manner. Orientation includes 18 presenters, three of which include the university's Executive Leadership Team (i.e. President, Vice President for Finance and Administration, Senior Executive for Equity and Diversity). (01/06/2020) Action Taken: Implemented onboarding survey for employees who attended in-person new hire orientation. (01/15/2019) |
| | Task - Digital intake of required employment paperwork. Target: Implement January 2019. Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Since implementation, approximately 100 employees have completed new employee paperwork digitally/online. (01/06/2020) | Action Taken: Reviewed, selected and deployed the onboarding module within PeopleAdmin. (01/01/2019) Action Taken: Previewed digital onboarding module HR business partners so that they understand the new employee digital |

| | | | Action Taken: Work with Marketing and Communications to create flyers, and other promotional material regarding how to hire a student employee. (02/01/2020) |
| Performance Management - Revise existing Performance Management review program, including policies, process, and forms for administrative and classified staff. Ensure training program for managers Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020, 2020 2021 Start Date: 08/01/2018 End Date: 12/31/2021 | Task - Establish high-level policy, process and forms (Administrators and Classified Staff only) Target: Drive employee engagement and active goal setting and development with frequent dialogue as opposed to a year in review. Notes: Build a new on-going process for relationships, goal setting, coaching, evaluation and feedback. Convening a task force now for review to improve performance management. Assessment Status: Assessment Started but not Completed | Reporting Period: 2019 2020 Result Type: Target Not Met Reviewed the current performance appraisal process and implemented a new and improved performance management program. (01/06/2020) | Action Taken: Identified a task force group made up of classified, unclassified and SEIU union leadership to review the current performance appraisal process and identify a new and improved performance management program. (01/06/2020) <hr/> Action Taken: Convene the task force group to review, update and develop an effective and engaging performance appraisal form, instructions and process. (01/06/2020) |
| | Task - Develop training and incorporate (connect) the holistic value of assessing PM reviews in accordance with the SOU vision, mission and Strategic Plan Target: This enables Pres / VP / Directors and managers to hold each other accountable for having 'candid conversations' (PM reviews - 2 parts: performance and growth (professional development) Assessment Status: Assessment Not Started Yet | Reporting Period: 2019 2020 Result Type: Target Not Met Train supervisors and employees on new performance management process and expectations (01/06/2020) | Action Taken: Develop an effective training of the new performance management process and deliver to employee and management groups. (01/06/2020) <hr/> Action Taken: Report on completion rates under the new performance management program. (01/06/2020) |

SD3: Environmental Sustainability and Collaborative Research to Promote an Ecologically Resilient Bioregion

- Goal One: SOU will be a model sustainable institution of higher education, integrating sustainable planning, practices, policies and education throughout the university.
- Goal Two: SOU will strengthen its organizational and financial infrastructure to support the advancement, promotion and reach of environmental sustainability at SOU.
- Goal Three: SOU will integrate sustainability, the environment and conservation into its curriculum, scholarship and creative activity.

The American Association of State Colleges and Universities (AASCU) recognized Southern Oregon University this year's recipient of the organization's Excellence and Innovation Award for comprehensive sustainability and sustainable development. AASCU recognized SOU for developing "a comprehensive and impactful sustainability program by collaborating across operations, academics and engagement." The higher education organization noted that SOU has achieved energy savings of 121,000 kilowatt hours annually, an increase in campus solar electricity generation of 319 percent in the past five years and reductions in drive-alone trips of 24 percent for students and 15 percent for employees. SOU is the nation's first university to offset 100 percent of its water use with Water Restoration Certificates purchased by student government. President Linda Schott and Board of Trustees member Sheila Clough received the university's Excellence and Innovation Award at the Oct. 27 opening session of AASCU's annual meeting in Phoenix, Arizona. Further information can be found at <https://news.sou.edu/2019/10/sou-receives-national-excellence-innovation-award-sustainability/>

A successful search was completed with the appointment of Rebecca Walker as the new Sustainability and Recycling Manager. Rebecca started in November 2019 and has been familiarizing herself with SOU climate change and sustainability to date and identifying how to build on SOU's work integrating sustainability and achieving transformative change. For more information, please visit <https://news.sou.edu/2019/11/rebecca-walker-hired-as-sous-new-sustainability-and-recycling-manager/>. An interview with Rebecca on Jefferson Public Radio, on December 10th 2019 can be found at <https://www.ijpr.org/post/teaching-sustainability-and-recycling-next-generation#stream/0>

SOU's Sustainability Council continues to meet and met in November 2019. Following this meeting, SOU's updated Green Purchasing Policy is under final review.

Food systems and food waste is a significant issue with 1/3 of all food in the U.S going to waste across the supply chain. This gives rise to greenhouse gas emissions as well as links multiple strategic agendas such as food insecurity, health, economy and climate change. Progress in this area at SOU includes:

- SOU has been awarded a \$7,512 grant from the Oregon Department of Environmental Quality to try a logical means of reducing food waste on campus: use smaller plates. The grant pays to replace 10.5-inch plates with nine-inch plates at The Hawk student dining commons. SOU's grant application explains that "studies have shown a reduction in plate size can lead to a reduction in food waste as patrons eat the portions allotted on the smaller plate. Larger plates tend toward food waste as patrons take more food than the individual can consume in one sitting. The impact of the study is being monitored and the larger plates are being reused for events.
- SOU has published its first year's results of progress towards its commitment that by 2023, at least 20% of SOU's food and beverage expenses will be spent purchasing "real food" or food that meets specific qualifications in categories of ecologically sound, humane, fair, and/or locally sourced. SOU also committed to establishing a

transparent reporting system and annual progress reports to evaluate where the SOU Real Food Challenge team should focus. After only one year of implementation and calculating invoices representing 2018-19 purchases, SOU is officially reached 9% third party verified real food.

- Future action will be looking at how to further reduce food waste and composting of food waste so that the waste that is produced is recovered and diverted from landfill.

SOU continues to work with the community and promote sustainability. The new Sustainability and Recycling Manager has been working with members of the City of Ashland Conservation and Climate Outreach Commission on the use of single use items particularly plastic and presented at the December meeting on prohibiting and reducing use of these items. This follows the plastic bag ban and straws on demand at State level and is also in line with City of Ashland's Climate and Energy Plan in addressing consumption emissions. The Commission supported to continue this work and for the waste prevention sub-committee to propose options for City of Ashland.

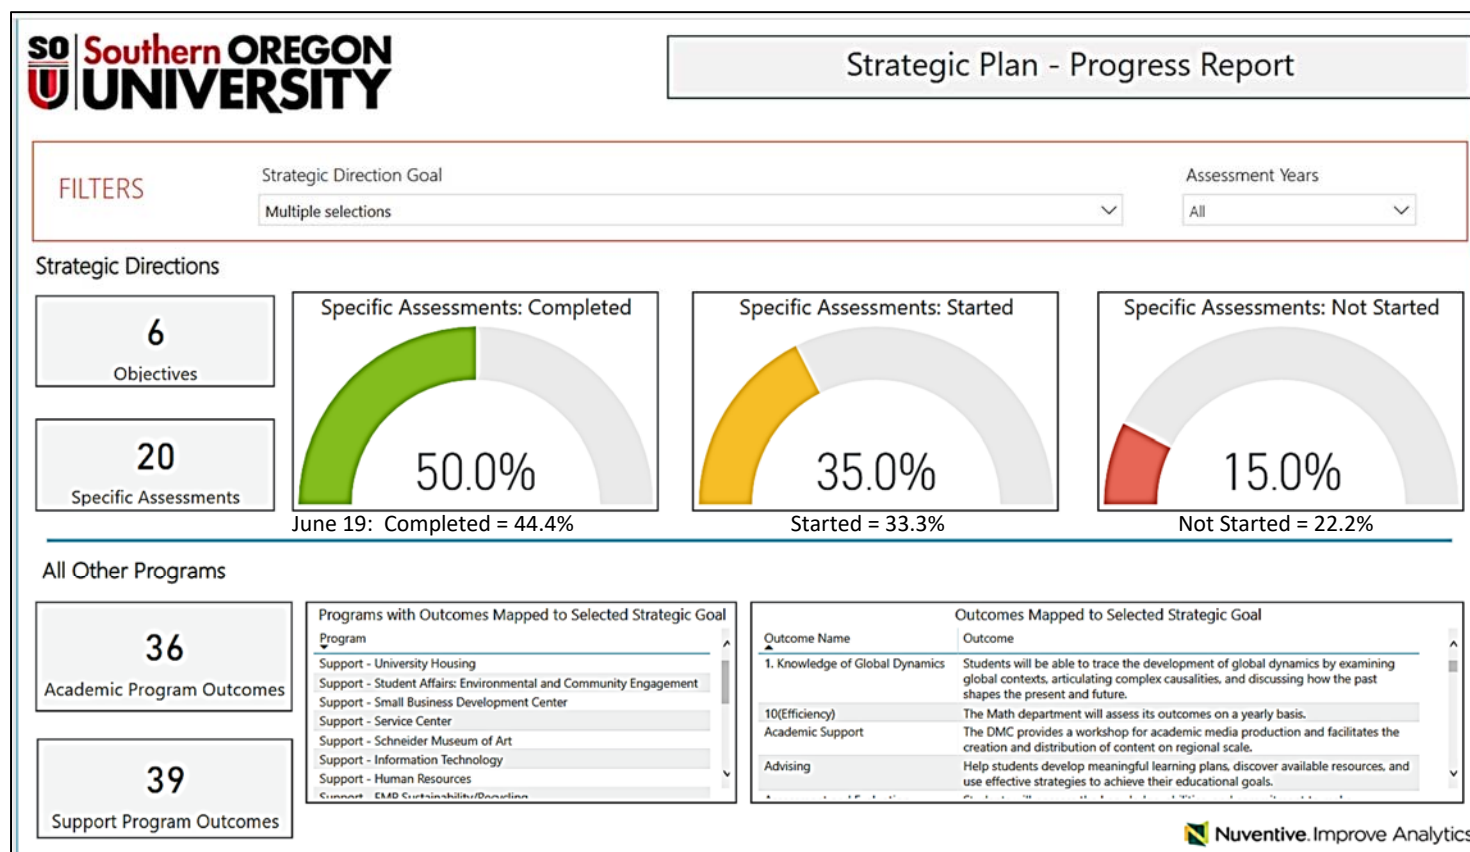

As part of integrating sustainability into the curriculum, SOU has developed the Sustainability Curriculum Initiative (SOU SCI). This is an initiative between the Division of Business, Communication and Environment with the Advancement of Teaching and Learning. Each faculty within this division is committed to substantially change some component of their course's curriculum and/or pedagogy to incorporate a commitment to sustainability.

Following the STARS silver Award in March 2019, SOU internal audit carried out an audit of the processes in place to report for STARS which will also contribute to further credits. Internal Audit did not observe any material inaccuracy or inadequacy in the STARS submission. The results of this audit should provide additional points and can reasonably be re-performed in the future. Internal Audit commends the Facilities Management and Planning team for its sustainability efforts.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction III - SOU will actively model an environmentally sustainable campus and engage in collaborative research to promote an ecologically-resilient bioregion.

Goals 1 through 3 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 3 - Support Campus Sustainability & Ecological Resilience for the Bioregion

Assessment Coordinator: Greg Perkinson - Strategic Direction 3 Sponsor

Next Program Review: 2018 2019

Program Notes: SOU will actively model an environmentally sustainable campus and engage in collaborative research to promote an ecologically-resilient bioregion.

Goal 1 - SOU will be a model sustainable institution of higher education, integrating sustainable planning, practices, policies, and education throughout the university.

SD4: SOU will create a diverse, equitable, inclusive community where learners flourish.

Since August 2019, work on SD-IV has primarily been focused in three areas:

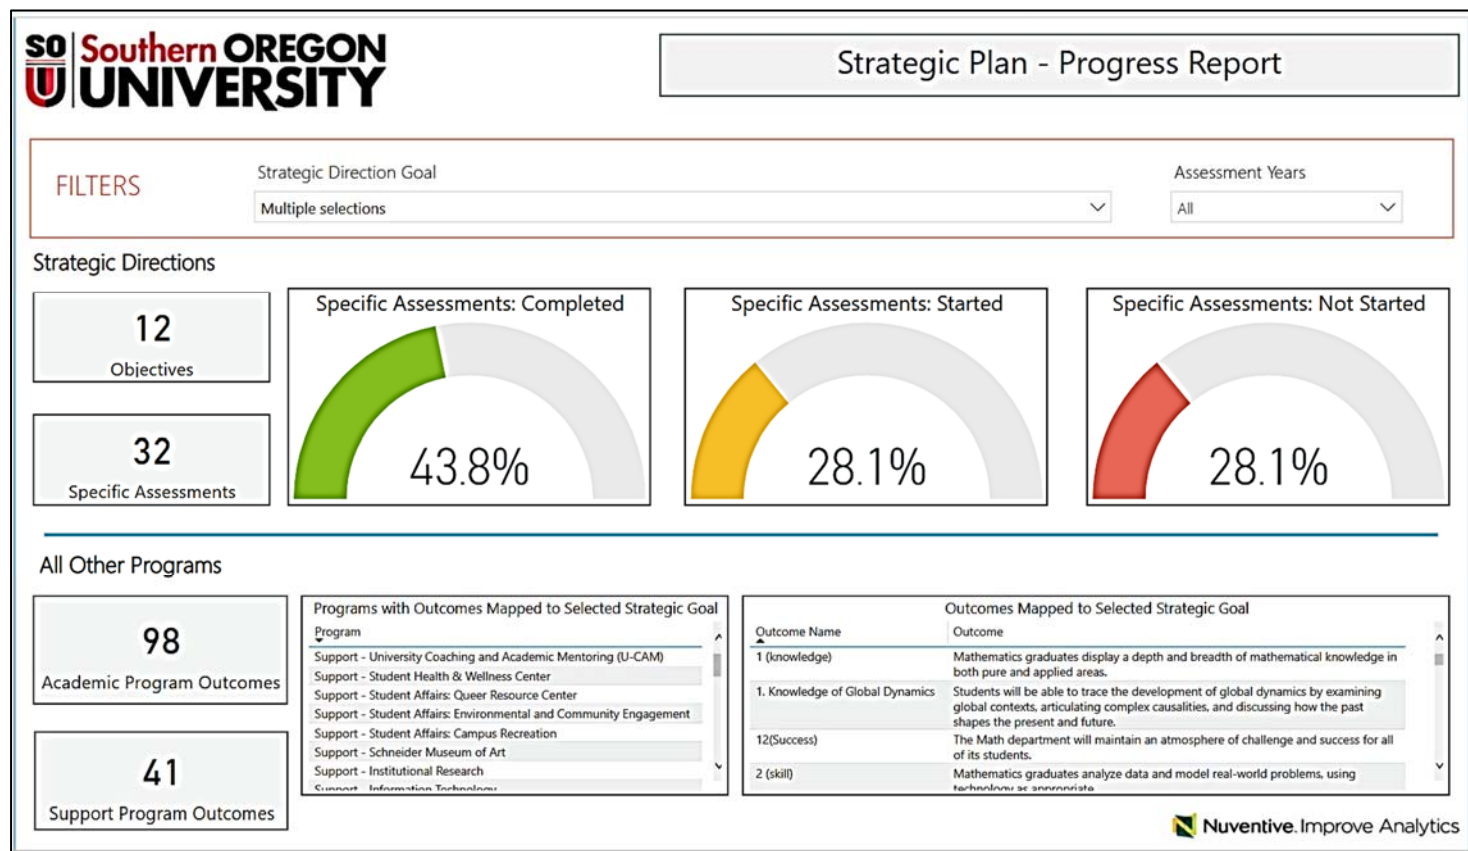

1. Establishing and institutionalizing a definition, model and framework for cultural competency (ORS 350.375)
The Senior Executive for Equity and Diversity (SEED), Dr. Suresh Appavoo, has developed and proposed a newly defined model, framework with six distinctive cultural capacities. The Intersectional Cultural Capacity (ICC) model and framework was presented to the President's Cabinet, The Diversity, Inclusion and Equity Committee (DIVINECOMM), the Faculty Senate, General Education Task Force, and multiple faculty groups. Two applied research projects in collaboration with the Center for Teaching and Learning (CATL), Division of Education, English, and the Communication, Business and Environmental Science faculty integrating the Intersectional Cultural Capacity (ICC) Framework are already in progress. The plan for meeting ORS 350.375 requirements (which constitutes the first report) was prepared and delivered by December 31, 2019 per statutory requirement.
2. Reconfiguring the diversity committee, membership, charge, and operations of the diversity committee
The newly titled Diversity, Inclusion and Equity Committee (DIVINECOMM) has been formed with 9 micro-groups (sub-committees). The purpose, charge, responsibilities, and membership and description of this committee is being revised to align with the SOU Strategic Plan in general, and specifically with SD-IV. The DIVINECOMM will collaboratively administer the first comprehensive campus diversity climate survey at SOU in February 2020.
3. Reimagining the institutional structure, positioning, role, and operations of the Office of Equity and Diversity (OED)
The SEED has been engaged in reviewing the overall operations of the OED and developing a proposal in alignment with SD-IV that will streamline its positioning and operations including Title-IX coordination, the Office of Equity Grievance, and the Bias Response Team. Additionally, the OED is reviewing its role in complying with relevant sections of the Clery Act, Violence Against Women Act (VAWA), and potentially new Title-IX federal regulations. The SEED is revising GEN.009 (Sexual Harassment et. al.) to comprehensively address all areas of equity including Title-IX, Bias, and Discrimination; the VAWA policy, and other allied SOU policies. The OED anticipates a proposed 5-year diversity plan to actualize SD-IV based on data from the climate survey in June 2020.

President Schott has signed an MOU with the Klamath Tribal Nation, and a formal signing ceremony with a delegation of tribal leaders is being planned for March 2020 on campus. Dr. Schott and the SEED have planned to visit the Warm Springs, Burns, and Umatilla tribal nations in spring quarter 2020 to further relationships. Additionally, under the direction of President Schott, a University-Community diversity & equity collaborative committee is now operational.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction IV - SOU will create a diverse, equitable, inclusive community where learners flourish.

Goals 1 through 3 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 4 - Create a Diverse, Equitable, & Inclusive Community Where Learners will Flourish

Assessment Coordinator: Suresh Appavoo - Strategic Direction 4 Sponsor

Next Program Review: 2019 2020

Program Notes: Beginning 08/2019.

Goal 1 - SOU will replace structural and systemic barriers with equitable processes and practices that promote a sense of belonging and ensure the success of a diverse “new majority.”

SD5: SOU will maintain financial stability and invest for institutional vitality.

This summarizes status, actions and the road ahead related to goal #1 of Strategic Direction 5 – Southern Oregon University (SOU) **“will maintain financial stability and invest for institutional vitality.”** There were four specific goals and each contributes to our financial health and stability.

Goal One: SOU will develop, implement and monitor a comprehensive strategic enrollment management plan. This is one of our “immediate priorities.” The Enrollment Management Council (EMC) was restructured in Spring 2019 to better delineate the work associated with enrollment management and enrollment planning. Co-chaired by Provost Walsh and VP Woolf, three committees were identified to focus specifically on recruitment and marketing, student success and retention and financial aid. Each committee is co-chaired by selected campus leaders who report progress and respond to requests from the EMC. The Council is overseeing a number of initiatives and strategies to recruit, retain and graduate students. A few of these strategies are highlighted below.

The Recruitment and Marketing Committee of the EMC aligns institutional marketing and prospective student marketing with the college decision behaviors of prospective students. The committee drafted an annual recruitment plan with a corresponding marketing plan; the focus of both are to improve the marketing of SOU’s academic experience. Additionally, the admissions team set new student recruitment goals and specific strategies for fall 2020. One highlight is SOU’s engagement with a search engine optimization (SEO) firm that has greatly enhanced the visibility of SOU programs on Google search results.

The Student Success and Retention Committee is largely focused on the implementation of EAB’s Navigate program. EAB’s Student Success Management System, Navigate, is a comprehensive technology that brings together administrators, faculty, advisors and staff to support students from enrollment to graduation and beyond. SOU has released the Navigate app to first-year students and will roll out to the remainder of campus throughout this academic year. Faculty are being trained on the system and SOU will be fully operational with Navigate by fall 2020. Additionally, a Student Satisfaction Survey was administered with excellent response rates. Feedback by students is being incorporated into specific retention strategies (e.g. service excellence initiatives and affordability strategies). Overall, student respondents are extremely satisfied with their experience at SOU.

The Financial Aid Committee is steering a comprehensive financial aid leveraging project to maximize tuition discounts and increase enrollment. SOU has contracted with Ruffalo Noel Levitz, a national enrollment firm, to utilize their leveraging platform called Advanced Financial Aid Solutions (AFAS). The AFAS platform correlates historical data with current market research (e.g. competitor analysis, consumer information and enrollment trends) and has recommended a tuition waiver award strategy that is now operational for fall 2020. AFAS has recommended award amounts (awarded automatically to applicants) based on merit and need factors. These awards are provided to applicants at the time of admission to SOU. The AFAS model is projected to improve new student enrollment as well as increases in net revenue.

Beginning in January 2020, President Schott is convening a *Presidential Task Force on Financial Sustainability*. This task force will advise on how to ensure institutional sustainability for future decades by examining SOU’s expenditures and revenues to ensure that all resources are being used efficiently and effectively; reviewing SOU’s enrollment projections and related plans for improving our physical plant and technological infrastructure; providing guidance on the development of SOU’s portfolio of academic offerings to maintain

intellectual and market relevance; and exploring the potential of public-private partnerships and additional collaborations.

Goal Two: SOU will develop key performance indicators to incentivize, monitor and reward improvements, innovations or efficiencies. Work to develop KPIs has evolved using a different path. The HECC is exploring the use of financial ratios to “stress test” the seven public universities. Not all stakeholders are aligned with the HECC’s desire. Separately, the leadership team decided to add a KPI toolset to EAB Navigate’s capability: Academic Performance Solutions (APS). APS will add financial and HR data to existing Navigate ERP data in order to assist the Provost and Academic Divisions with determining Return of Investment (ROI). Numerous ROI models were studied, and APS was selected due to both cost-efficiency and benchmarking capability. The new Director of Budget developed a Business Intelligence (BI) capability, which is being used by Directors to support the cost analysis (and reduction) process.

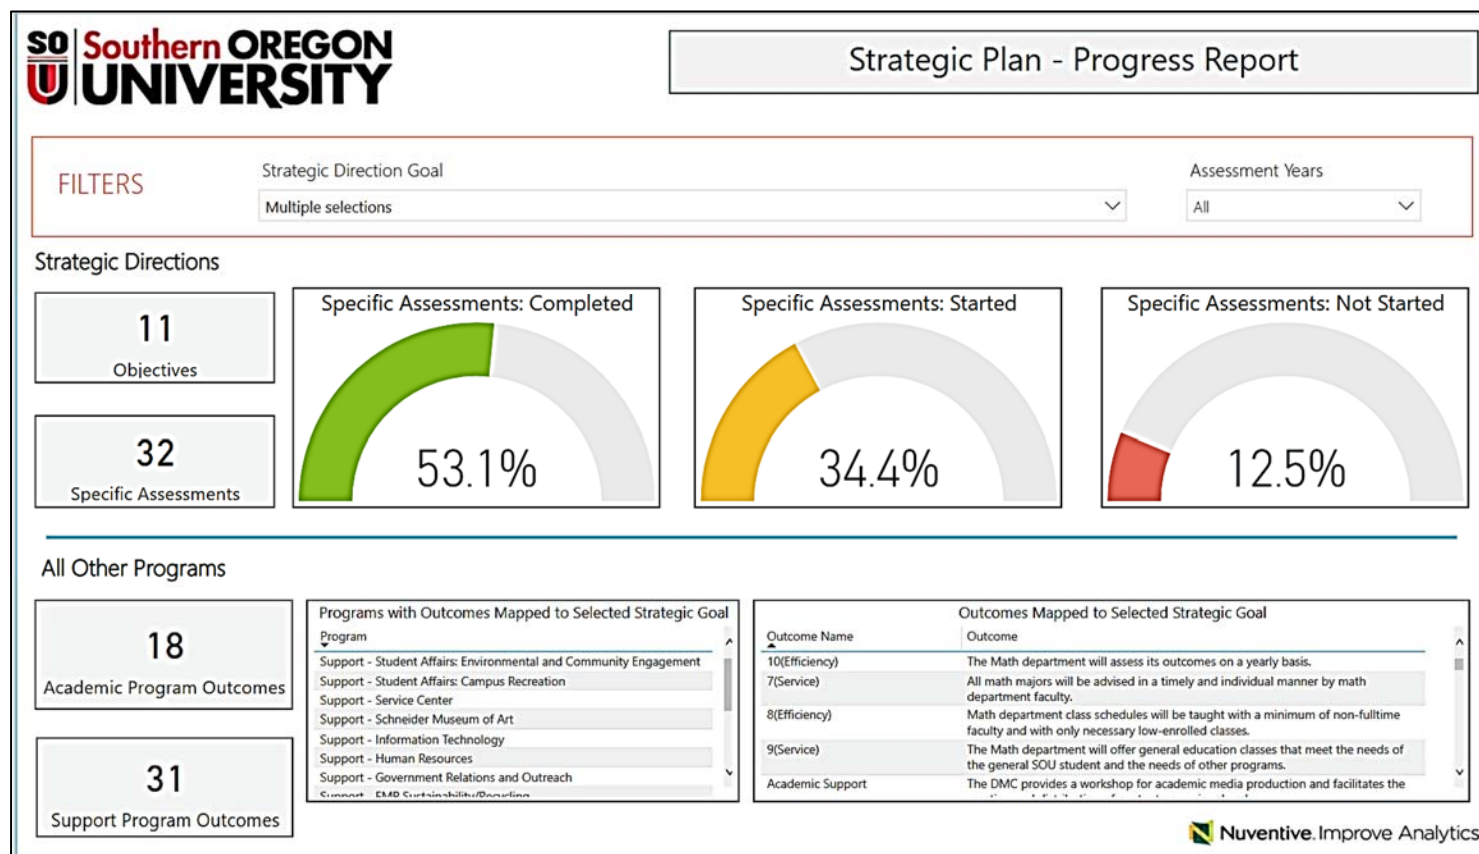

Goal Three: SOU will enhance opportunities to leverage its existing assets to increase revenue. The VPFA and Controller have met with a number of potential investors related to additional housing Public-Private Partnerships (P3). In addition, P3 discussions with a local business entity are ongoing.

Goal Four: SOU will invest in opportunities that generate additional gifts, grants and sponsorships from external sources. The VP for University Advancement continues to leverage strategic hires (Development team) to push the gift annual receipts from \$3M to \$5M.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction V - SOU will maintain financial stability and invest for institutional vitality.

Goals 1 through 4 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 5 - Maintain Financial Stability and Invest for Institutional Vitality

Assessment Coordinator: Greg Perkinson - Strategic Direction 5 Sponsor

Next Program Review: 2018 2019

Program Notes: SOU will maintain financial stability and invest for institutional vitality.

Goal 1 - SOU will develop, implement and monitor a comprehensive strategic enrollment management plan.

|--|---|---|--|
| Convene Enrollment Mgmt Council - The enrollment management council will be reconvened with regular meeting schedules established. Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019 | Task - Enrollment management plan drafted Target: Draft plan by end of AY 2017-18 Assessment Status: Assessment Completed Related Documents: EMCPPLANFINAL with appendices.docx | Reporting Period: 2019 2020 Result Type: Target Met Plan developed and approved (02/01/2019) | Action Taken: Plan developed by Blaine, now owned by Neil (01/24/2019) |
| | Task - Council will be constituted by co-directors of EMC with schedules advertised. Target: Council established in AY 2017-18 Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Plan adopted (01/07/2019) | |
| | | Reporting Period: 2019 2020 Result Type: Target Met Council formed and functioning (03/15/2019) | Action Taken: Directors notified, council formed and functioning (03/15/2019) |
| | | Reporting Period: 2018 2019 Result Type: Target Met Council convened (01/07/2019) | |
| Annual Recruitment Plan - Develop and Implement Annual Recruitment Plan Objective Status: Active Assessment Year(s): 2019 2020, 2020 2021 Start Date: 03/29/2019 | | | |

| Objectives | Means of Assessment | Results | Actions Taken |
|---|--|--|---|
| Annual Marketing Plan - Develop, discuss and implement annual marketing plan as influenced by recruitment plan Objective Status: Active Assessment Year(s): 2019 2020, 2020 2021 Start Date: 03/29/2019 | | | |
| Student Satisfaction Survey - Develop, conduct and analyze results from SSS Objective Status: Active Assessment Year(s): 2019 2020, 2020 2021 Start Date: 08/01/2019 End Date: 10/31/2019 | Task - Develop Survey Target: Right questions and design Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Survey built in-house (01/03/2020) | Action Taken: Survey Design completed (05/31/2019) |
| | Survey - Survey Students Target: Good rate of return...and input Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Delivered in-house (Dr Shibley) (08/30/2019) | Action Taken: Survey administered (08/30/2019) |
| | Task - Analyze results and present to BoT Target: Good presentation and dialogue with Board Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Dr Shibley presented results to Board (10/18/2019) | Action Taken: Survey results analyzed and presented (10/18/2019) |
| Financial Aid Leveraging - Evaluate products and vendors, issue RFP and contract; conduct study and implement recommendations Objective Status: Active Assessment Year(s): 2019 2020, 2020 2021 Start Date: 07/01/2019 | | | |

Goal 2 - SOU will develop key performance indicators to incentivize, monitor, and reward improvements, innovations or efficiencies.

| Objectives | Means of Assessment | Results | Actions Taken |
|--|---|---|--|
| Student Satisfaction Survey - Develop, conduct and analyze results from SSS Objective Status: Active Assessment Year(s): 2019 2020, 2020 2021 Start Date: 08/01/2019 End Date: 10/31/2019 | Task - Develop Survey Target: Right questions and design Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Survey built in-house (01/03/2020) | Action Taken: Survey Design completed (05/31/2019) |
| | Survey - Survey Students Target: Good rate of return...and input Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Delivered in-house (Dr Shibley) (08/30/2019) | Action Taken: Survey administered (08/30/2019) |
| | Task - Analyze results and present to BoT Target: Good presentation and dialogue with Board Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Dr Shibley presented results to Board (10/18/2019) | Action Taken: Survey results analyzed and presented (10/18/2019) |
| Establish KPI Library for Departmental Usage - Develop a resource of key performance indicators taken from the Balanced Scorecard Institute for potential implementation by program managers across campus. Objective Status: Active Assessment Year(s): 2017 2018, 2018 2019 | Task - Create a shared Google Sheets doc of KPIs and distribute to managers Target: Google Sheet created Assessment Status: Assessment Completed Related Documents: SD 5.2 KPI Resource - Manager Goal Alignment with Strategic Plan Metrics.xlsx | Reporting Period: 2018 2019 Result Type: Target Met Library established (01/07/2019) | Action Taken: Reviewed Google sheet with new Director, identified APS cross-over opportunities (01/03/2020) |
| | Task - Collect 'one note' document to archive metrics for review with VPFA Target: Complete document Assessment Status: Assessment Started but not Completed | Reporting Period: 2019 2020 Result Type: Target Met Initiate note-book; obtain feedback (07/31/2019) | Action Taken: Finished first draft (08/01/2019) |
| Establish and approve KPI framework - Develop a cross-functional WG to identify options, alternatives, a framework, comm-plan, etc.; then present for approval | Task - Establish group, conduct meetings and make recommendation Target: Survey Industry, compare cost with 'best in breed' (capability) | Reporting Period: 2019 2020 Result Type: Target Met Work group established (01/03/2020) Reporting Period: 2019 2020 | Action Taken: met with vendors / webcasts to review models (12/20/2019) Action Taken: Approval to use |

| Objectives | Means of Assessment | Results | Actions Taken |
|---|---|--|--|
| Objective Status: Active Assessment Year(s): 2018 2019 Start Date: 07/02/2018 End Date: 08/31/2018 | Notes: EAB, Gray and Associates, RPK Group and internal development considered Assessment Status: Assessment Completed Related Documents: Resources « rpk GROUP.pdf rpk-GROUP-SF-Dashboard 2.0_012319-2.xlsx EAB-Shared-Services-Compendium.pdf | Result Type: Target Met Recommend Academic KPI method (model) to President for approval (10/08/2019) | EAB's model (APS) (12/19/2019) |
| | Survey - Survey and evaluate models Target: Good cross section of industry Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Working group viewed EAB, RPK and Gray and Assoc (01/03/2020) | Action Taken: Survey results presented to President (12/19/2019) |
| | Task - Obtain approval of recommended vendor / model Target: Best cost and capability Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met VPFA signed contract (12/19/2019) | Action Taken: VPFA signed contract with EAB after extensive discussion with Provost, AVP for Academic Affairs, and Budget Director...with concurrence from President (01/03/2020) |
| | Task - Obtain closure through discussion with Cabinet -- status and next actions Target: Ensure cabinet has reviewed, understands, and supports the KPI method and operating rhythm Notes: mtg on 1/7/19 Assessment Status: Assessment Started but not Completed | Reporting Period: 2020 2021 Result Type: Target Not Met Brief Cabinet, obtain feedback and buy-in (01/07/2020) | Action Taken: Present findings and obtain feedback (01/07/2020) |
| | Develop linkage from KPIs to Strategic Plan; and accreditation - Ensure KPIs will support the Strat Plan, and will add value to the 7-year accreditation cycle; then integrate them into business processes Objective Status: Active Assessment Year(s): 2018 2019 | Survey - Complete EAB initial survey; reassess annually with Stakeholders Target: Engage effectively Assessment Status: Assessment Started but not Completed Task - Conduct cross-walk from Strategic Plan (SD) objectives to Accreditation Core Themes | |

| | Task - Hire replacement Director of Annual Giving Target: Position filled by June 2020 Assessment Status: Assessment Started but not Completed | | |
| | Task - Hire third Director of Development Target: New position filled by April 2019 Assessment Status: Assessment Completed | | |
| | Task - Hire Annual Giving counsel Target: Hire consultant by January 2020 to fulfill interim Annual Giving Director duties and to assess annual giving program opportunities and long-term position needs. Assessment Status: Assessment Completed | | |
| | Task - University Advancement Division Target: Align Development, Marketing/Communication, Grants, and Government Relations offices into one University Advancement division by January 1, 2020 to aid in the success of philanthropy across campus. Assessment Status: Assessment Completed | | |

SD6: SOU will develop physical and virtual environments in which all learners can thrive.

This summarizes status, actions and the road ahead related to both goals of Strategic Direction 6 – Southern Oregon University (SOU) **“will develop physical and virtual environments in which all learners can thrive.”** There were two specific goals related to improving learning environments.

Goal One: SOU will utilize universal design principles to transform learning spaces to inspire creativity, collaboration and intellectual growth in all of the learning communities we serve.

Goal Two: SOU will provide opportunities for all learners to be effective users of immersive, accessible and virtual technologies and spaces.

The Director of Facilities Management and Planning worked with Division of Social Sciences to reconfigure a classroom in Taylor Hall with more flexible tables / chairs and whiteboards. This \$40,000 investment has energized the faculty to explore other opportunities. The design process for Britt Hall is keeping similar opportunities at the forefront.

The other capital improvement project, Central Hall Renovations, will consider Universal Design and creating active learning spaces as well. In addition, a smaller scale renovation last summer in Taylor created renovated labs with windows into the hallways incorporating universal design concepts. A student study area was created in a busy hallway where students used to sit on the floor adjacent to busy classrooms which incorporated universal design.

A new proposal came from OCA, looking to integrate a larger and more integrated Digital Media Center by the Theater and Music building. This idea is in its infancy, but could improve creative learning opportunities.

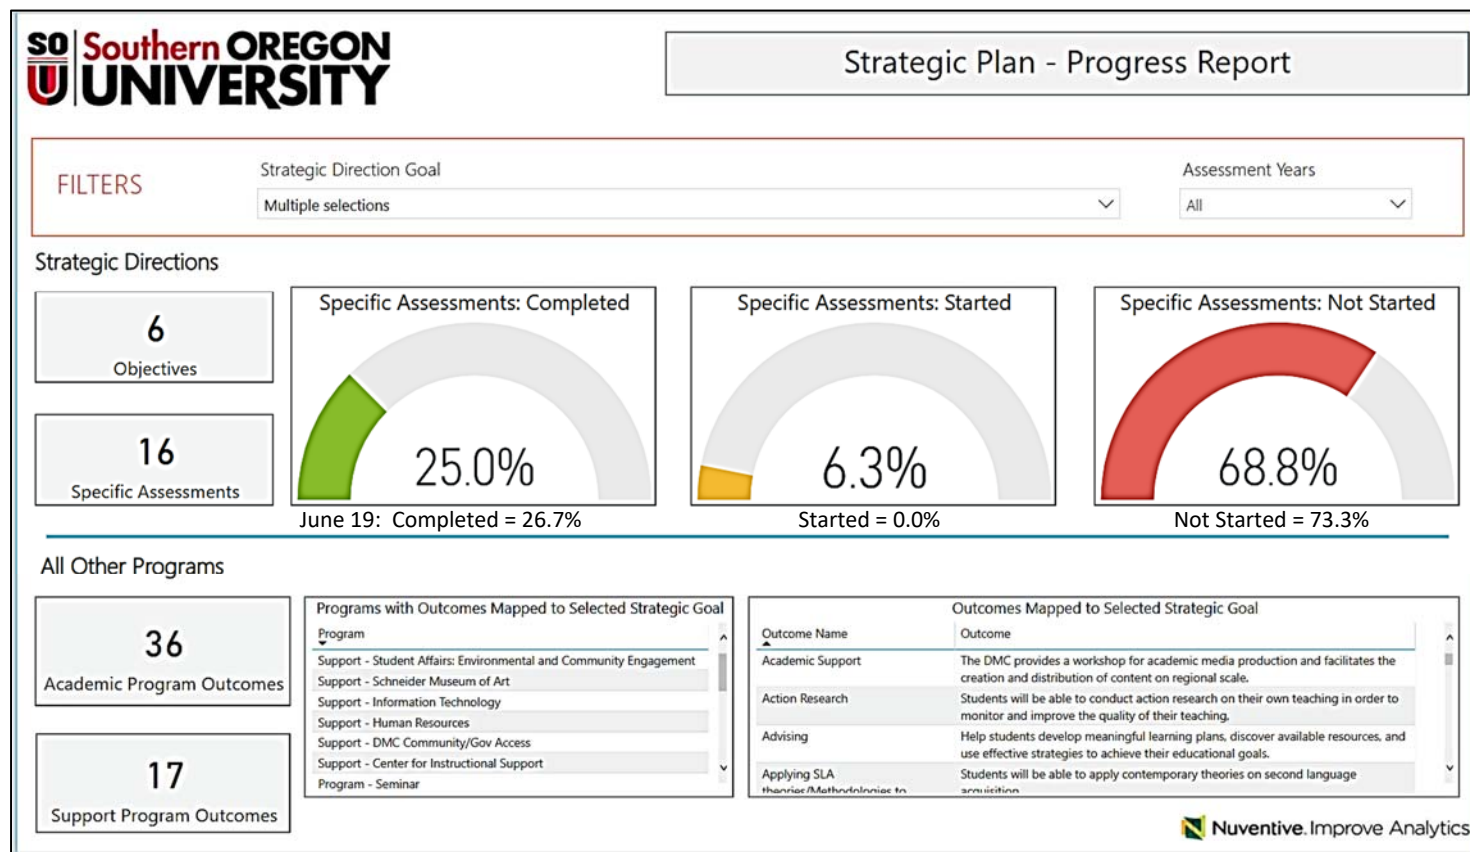

The campus master plan for 2020-2030 will require Universal Design and our campus standards manual is currently being reviewed to include universal design language and products where not already specified.

In November 2019, SOU hosted a comprehensive Title IX training, which included SOHEC participants.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction VI - SOU will develop physical and virtual environments in which all learners can thrive.

Goals 1 through 2 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 6 - Develop Physical & Virtual Environments in Which Learners Will Thrive

Assessment Coordinator: Greg Perkinson - Strategic Direction 6 Sponsor

Next Program Review: 2018 2019

Program Notes: SOU will develop physical and virtual environments in which all learners can thrive.

Goal 1 - SOU will utilize universal design principles to transform learning spaces to inspire creativity, collaboration and intellectual growth in all of the learning communities we serve.

| <i>Objectives</i> | <i>Means of Assessment</i> | <i>Results</i> | <i>Actions Taken</i> |
|---|------------------------------------|--|----------------------|
| Active Learning in Britt Hall - Design and Construct active learning opportunities in Britt Hall. Objective Status: Active Assessment Year(s): 2018 2019 Start Date: 05/08/2019 End Date: 07/31/2020 | Directly Related to Outcome | Reporting Period: 2019 2020 Result Type: Inconclusive Survey students after construction to obtain feedback (05/29/2019) | |

Goal 2 - SOU will provide opportunities for all learners to be effective users of immersive, accessible and virtual technologies and spaces.

| Objectives | Means of Assessment | Results | Actions Taken |
|--|--|---------|---------------|
| Construct Active Learning and Univ Design at Lithia Pavillion - Construct outdoor area Objective Status: Active Assessment Year(s): 2019 2020 Start Date: 08/05/2019 End Date: 10/31/2019 | Task - Completed project Target: Design and construct Assessment Status: Assessment Completed | | |

SD7: SOU will be a catalyst for economic vitality, civic engagement and cultural enrichment through ongoing collaboration with local, state, tribal, national, and global partners.

Campus commitment to Strategic Direction 7 and the value of our strategic plan reporting system are both demonstrated in the progress shown on SD7 outcomes. When first reported to the board in January 2019, there were 2 Academic Program outcomes and 13 Support Program outcomes associated with SD 7. As campus efforts align, and use of the tracking system increases, that number of associated outcomes has increased substantially. Currently 40 Academic Program outcomes and 26 Support Program outcomes are associated with Strategic Direction 7; this is truly campus-wide work.

Notable outcomes in the past six months include:

- SOHEC (Southern Oregon Higher Education Consortium) Chief Academic Officers have been meeting monthly via zoom and hosted quarterly retreats for faculty and staff from across all four campuses. These conversations have surfaced many ideas that would serve the region's students well – for example, a shared web site where prospective and current students could easily find information about transfer articulation, majors/badges, student services, etc. in a single location, with links to each campus. Faculty and staff could use the site to share resources, such as professional development workshops that are occurring at each campus, or to post ideas for pedagogy and curriculum development provided by the four Centers for Teaching and Learning. Lacking a SOHEC coordinator to push projects forward, progress on actualizing a shared web site has been slow. Finally, the four SOHEC presidents are meeting in early 2020 to discuss how to maintain the momentum created by the formation of the consortium and to identify opportunities to enhance collaboration across the institutions.
- “Seamless & Future Ready Education” was the theme of a regional conference hosted by President Schott in October, with 113 attendees including regional K-12 superintendents and business leaders as well as our own faculty and staff. In evaluations 85% said they “definitely or probably gained new ideas/insights from the conference”; 83% rated the conference in the highest two quintiles.
- Initiatives within the University-Community Collaborative continue to be identified. President Schott will initiate a discussion in early 2020 with the Ashland Chamber of Commerce Board of Directors about distributing a survey designed to better understand how the community perceives SOU and to identify opportunities for improvement and additional collaborations. The survey will likely be distributed in the first quarter of the calendar year.
- SOU hosted the October meeting of the Higher Education Coordinating Commission, bringing them to southern Oregon for the first time in five years. Demonstrating our regional commitment, we included Rogue Community College leaders and board members in a

social with commissioners.

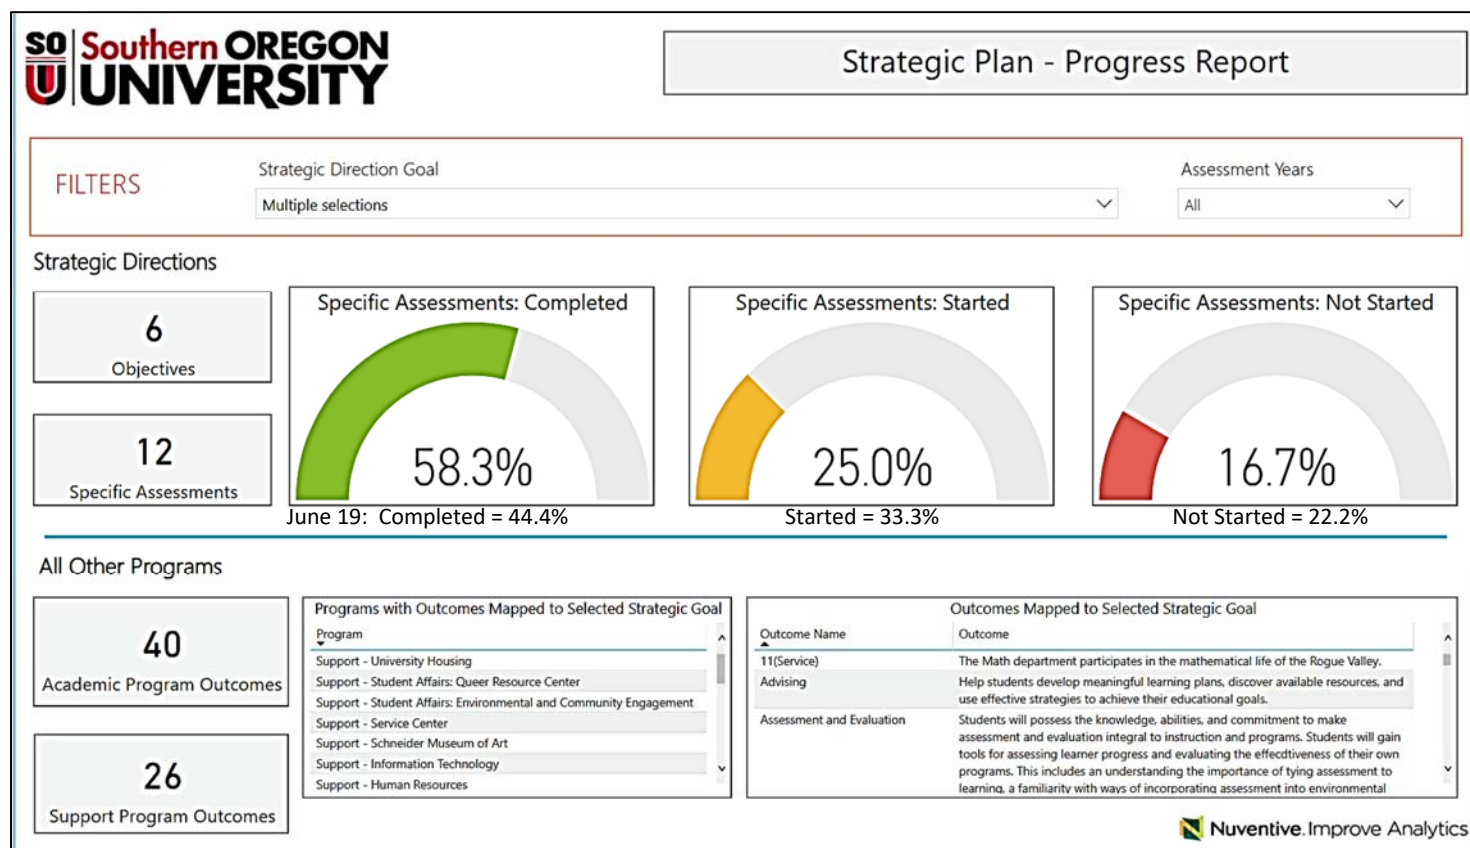

- A small cross-university team has been meeting with the leadership of one of our largest corporate partners, with the goal of developing educational programming that serves their national employee base. Very recently this effort has resulted in an invitation to engage in a pilot project over the next six months.
- Alumni Relations' new non-dues paying membership program continues to attract members. More than 1,000 individuals have signed up to re-engage with the campus, including new graduates as well as those who have been out of school for 50+ years. With increased and targeted communications to these members, the university is identifying a core group of supporters who have the potential to enhance the university's external relationships with legislative leaders, community and business leaders, and others.
- The university hosted a dynamic series of activities associated with Homecoming and Parents Weekend. With more than 70% of alumni living in southern Oregon, the campus created academic as well as reunion events to attract alumni to campus. Feedback and attendance were positive and set the stage for a future where alumni and friends celebrate their association with SOU and its precursor institutions.
- Continuing our commitment to civic engagement, we hosted U.S. Senator Jeff Merkley's Jackson County town hall in January 2020. While we would have preferred the town hall to take place during an academic term to facilitate student participation, the Senator's schedule requirements precluded that. Nevertheless, more than 500 attendees engaged in a robust dialog with the Senator and two students were among those called upon to ask questions in the hour-long event.
- In November, SOU also planned a comprehensive Title IX training, which SOHEC partners attended.

Overall, there is increased energy around partnerships and a growing sense of the importance of SOU's role in the community. Completion of a Town-Gown survey will help quantify how the community sees our role, and provide insights into how to further develop this work.

January 2020 Improve Analytics Data of Strategic Plan Progress

Strategic Direction VII - SOU will be a catalyst for economic vitality, civic engagement and cultural enrichment through ongoing collaboration with local, state, tribal, national, and global partners.

Goals 1 through 2 included in chart below.

Strategic Plan Progress Report - Detail

Strategic Direction 7 - Catalyst for Economic Vitality, Civic Engagement, and Cultural Enrichment with Local/State/Tribal/National/Global Partners

Assessment Coordinator: Jeanne Stallman - Strategic Direction 7 Sponsor

Next Program Review: 2018 2019

Program Notes: SOU will be a catalyst for economic vitality, civic engagement and cultural enrichment through ongoing collaboration with local, state, tribal, national, and global partners.

Goal 1 - SOU will be a resource and collaborative partner for the economic, cultural, artistic and social betterment of the region.

| Objectives | Means of Assessment | Results | Actions Taken |
|---|--|--|--|
| Involvement with state legislature (7.1) - Build and maintain relationships with state legislatures to further university interest Objective Status: Active Assessment Year(s): 2018 2019, 2019 2020 | Task - Convene legislator appointments Target: Schedule and hold at least 3 appointments per academic quarter Notes: President met with more than a half dozen legislators in each of Summer and Fall terms 2019. Assessment Status: Assessment Completed | Reporting Period: 2019 2020 Result Type: Target Met Held 14 one-on-one meetings with legislators plus additional legislator meetings in Summer/Fall 2019. (01/05/2020) Related Documents: President legislative appointments.docx Oregon Coastal Caucus 2019 | Action Taken: Heavy meeting schedule in summer/fall allows lighter schedule when legislators are in session (and less able to meet); will adjust scheduling accordingly. (01/05/2020) |
| | Task - Host candidate forums Target: Host at least one forum per academic year Notes: Hosted State Senate candidates forum Nov 2018 in Music Recital Hall; approx. 430 attendees. Hosted US Sen. Jeff Merkley town hall Jan 3 2020 in SU-Rogue River Room; approx. 500 attendees. Assessment Status: Assessment Completed | Reporting Period: 2018 2019 Result Type: Target Met Hosted State Senate candidates forum Nov 2018 in Music Recital Hall; approx. 430 attendees. (01/05/2020) Related Documents: OCT 11 2018 Town Hall Patron Report.pdf | |
| | | Reporting Period: 2019 2020 Result Type: Target Met Hosted US Sen. Jeff Merkley town hall Jan 3 2020 in SU-Rogue River Room; approx. 500 attendees. (01/05/2020) Related Documents: Merkley Town Hall reservation.pdf | Action Taken: Due to success, proposed similar town hall to Sen. Wyden staff. (01/05/2020) |

Accreditation Update

Accreditation Update

January 14, 2020

SOU successfully completed its Mid-Cycle self-evaluation report and peer evaluation in Fall 2019. The report was required to focus on three main areas:

1. Overview of institutional assessment plan
2. Representative examples of the institutional assessment plan
3. Evaluation of readiness for Year Seven (2023).

In addition, the report identified minor revisions to some Core Theme Objectives and Indicators, and institutional plans for completion of the Year Seven Self-Evaluation required for reaccreditation. Full text of the report is available in the [Accreditation Resources](#) section of the Institutional Research web page. The Peer Evaluation team offered the following conclusions:

- SOU has established a strong infrastructure to support its efforts to measure mission fulfillment
- SOU has made clear strides forward in developing a culture of assessment due to the extensive hard work, expertise, and commitment of those leading assessment efforts at all levels of the university
- Continued focus on the results of various assessments related to the strategic plan and core themes and how these are used in planning and resource allocation to achieve mission fulfillment will be important in preparation for the Year Seven Evaluation
- Emphasis on meaningful assessment that leads to continuous improvement, indicators that identify gaps in learning, and aspirational targets must be considered as SOU moves forward in setting and refining its indicators and benchmarks.

NWCCU will vote to accept the Mid-Cycle Self-Evaluation during its full Commission meeting on January 9, 2020.

In addition, SOU will need to prepare for the revised standards for accreditation approved in 2019. The revised standards respond to Department of Education regulations and NWCCU's Bylaws, as well as factors that affect accreditation and higher education in general, including (according to NWCCU): the current political environment, calls for transparency and disaggregated data, enrollment and financial challenges faced by member institutions, the need to adjust to a changing landscape of higher education, and the need to **"elevate the primary focus of accreditation to assure academic quality and the success of students within member institutions."** NWCCU's standards revision prioritized:

- making the accreditation process more concise
- reducing the institutional burden of accreditation for member institutions
- promoting consistency
- ensuring student success and instructional quality.

Important dates - revised accreditation cycle and timeline:

Annual Report (basic institutional data; *student achievement data**; financials)

*Policies, Regulations and Financial Review: 2022**

Evaluation of Institutional Effectiveness (Year Seven): 2023

** denotes new requirement under the revised Accreditation Cycle which takes effect in 2020*

Budget Process for Future Fiscal Years (Action)

Budget Process Proposal

#1 FY '19 Legacy Process

(Recommended)

Budgeting starts in Nov,
BOT approves in June

Advantages:

1. Comfortable to campus users
2. Better Planning for programs/departments
3. Easier State Reporting
4. Timeline kept in sync

Disadvantages:

1. Volatility not captured
2. Long Session late approvals
3. Onerous Adjustments

#2 FY '20 Approach

Budgeting starts in Nov,
BOT approves a carry-forward of
previous budget in June,
Final Adopted in October

Advantages:

1. Spending budget aligns tighter with known enrollments
2. Revenues estimates tighter
3. All legislative actions represented

Disadvantages:

1. 3mths into 12mth cycle
2. Adjustments are very late
3. Dual entry for 6-9mths
4. Reporting to state agencies problematic (BOT not approved)

#3 Hybrid Approach

Process #2 in state budgeting
year
Process #1 in non-state
budgeting year

Advantages:

1. Realistic revenue targets
2. Spending authority can be stripped in Oct if needed
3. Programs have general idea of spending going into summer

Disadvantages:

1. Triple-entry nightmare
2. Less confidence for programs going into summer
3. Reporting becomes fragmented – 2 ‘approvals’

Budget Update and Review of Pro Forma

(Review of live pro forma in meeting)

| % Operating Revenues | 11.7% | 8.63% | 8.00% | 8.26% | 8.6% | 9.1% |

Cost Reduction Strategy

- Assign cost reduction target to each Vice President = \$2.4M

| | Cost Reduction Target |
|--------------------------------------|-----------------------|
| President | \$90K |
| Provost | \$870K (NOT \$1.5M) |
| VPFA (including General Institution) | \$1.3M (NOT \$670K) |
| VP EMSA | \$200K |
| <u>VP Development</u> | <u>\$10K</u> |
| Total | \$2.47M |

Note: Of the \$2.47M in projected cost reductions, over \$880K results from keeping vacant positions open

HECC Capital Process and SOU Capital Projects Update

Capital Projects – Process, Status and Way Forward

- HECC Scoring Process
- SOU Capital Projects Update
 - Current Projects
 - Boiler Replacement
 - Britt Hall
 - Central Hall
 - Strategy for success next year
 - Develop schematic design of Music/DMC...integrate in Master Plan
 - Obtain funding for Demo of Cascades

Docket Item:

2020 Public University Capital Recommendations

Summary:

The HECC is responsible for submitting to the Governor and Legislature a prioritized list of public university capital recommendations for consideration during the 2020 Legislative session.

Following the receipt of the Strategic Capital Development Plan Report in October, the Commission adopted a revised capital rubric that reflected several of the recommendations of the Plan. Subsequently, staff employed the rubric to score sixteen projects that had been submitted by public universities for potential funding.

The list of staff-prioritized projects, along with narrative summaries of each, is included in the appendix for the commission's consideration. A draft letter of transmission, that includes a number of policy recommendations, is included for review.

Docket Material:

During the 2019 legislative session, although funding was approved for capital improvement and renewal as well as the Oregon Manufacturing Innovation Center, the consideration of other university capital was delayed until the Strategic Capital Development Plan was completed. After receiving the Plan, the HECC revised the university capital rubric to focus on alignment with the Plan and other state priorities. The HECC-approved, prioritized list of projects will then be submitted as appropriate.

Timeline

| | |
|----------------------|--|
| February – September | Strategic Capital Development Plan (SCDP) Work |
| October 10 | Presentation of SCDP Report and adoption of revised capital rubric |
| October 21 | Deadline for university submission of proposed projects |
| November 7 | Overview of submissions and grading process |
| December 11 | Consideration of prioritized projects |
| December 13, 2019 | Submission of prioritized projects to DAS/LFO |

HECC University Capital Principles

The prioritization process is not a distribution model. All state-backed debt will support E&G space and support program needs for the 21st century, extend the capacity of existing facilities to support student success, and align capital investments with workforce and economic development needs.

Projects that demonstrate the following will be prioritized:

- Capital renewal approach that repurposes existing space
- Operational cost savings along with safety and security
- Public-private and multi-party collaborations
- Leveraging of private resources and institutional funds

Revised Rubric

The rubric includes nine components worth a total of 100 points. The full, detailed rubric is included in appendix A for reference.

52% Based on Alignment with Strategic Capital Development Plan:

- 24 points – Space renewal, workforce or completion priorities
- 12 points – Addressing deferred maintenance issues
- 8 points – Supports research and economic development
- 8 points – Collaboration with interested parties

48% Based on Other State Priorities:

- 15 points – Leveraging institutional resources
- 10 points – Student Success for Underserved Populations
- 10 points – Life safety, security, or loss of use
- 8 points – Operational savings and sustainability
- 5 points – Institutional priority

Submitted Projects

A total of 21 projects were submitted. Thirteen were existing projects totaling \$415.3 million of which \$85.9 million is from institutional funds. These projects were submitted during the spring of 2018 during the normal budget process.

There are three new projects that total \$69.5 million of which \$5.5 million is from institutional funds. One of the projects is a demolition that will not qualify for bond funding but was included at staff request in order to provide more information on institutional need.

Five are self-funded projects totaling \$138 million entirely from institutional funds. Three are residence hall projects. The self-funded projects are not prioritized but included for reference.

Process and Prioritization

The projects were considered by cross-functional grading teams composed of HECC staff. Teams scored the projects in accordance with the capital rubric as adopted by the Commission. Projects were prioritized based on their alignment with state priorities. The prioritized list is included in appendix B with summaries of all projects included in appendix C.

Each project was scored separately. Institutions were allowed to submit as many projects as they choose although they submitted mostly existing projects previously considered during the ARB process last year. OSU-Cascades was allowed its own institutional priority but was included with OSU-Corvallis for leveraging institutional resources.

Noteworthy Project Examples**Strategic Capital Development Plan Alignment – OSU Cordley Hall Renovation, Phase II**

The Cordley Hall Renovation project will transform an aged and worn out facility, which was designed for research as it was conducted over 50 years ago, into a modern research and education facility. Phase I, already funded, is centered on replacing mechanical and electrical systems. Phase II will focus on re-organizing the teaching and research spaces to create more flexible and active learning focused spaces.

Cordley Hall is central to biological sciences at OSU. Biology is the fourth largest major with over 1,200 students. Courses taught in Cordley Hall are required for over 30% of OSU undergraduates and the introductory biology and botany courses for non-majors serve over 70 majors in eight colleges. Over 600 undergraduates have had research experiences in the last four years with over 400 serving as learning assistants. OSU thoroughly explained how this project will address space renewal, focus on STEM related completions, address deferred maintenance issues, support research opportunities, and incorporate collaboration opportunities.

Operational Savings and Sustainability – PSU Science Building 1 (SB1) Renovation and Expansion

This proposed project transforms the outdated science building into a modern facility well equipped to educate the next generation of health and science professionals. Highly STEM centric, the upgraded facility will

demonstrate energy savings due to lighting upgrades and HVAC heat recovery. A reduction of 25-30% is estimated in energy consumed by lighting alone. PSU provided data to demonstrate the reduction in operating costs and the sustainability associated with heat recovery technology.

Life Safety, Security, or Loss of Use – OIT Boivin Hall

Boivin Hall has been largely unmodified since its construction in 1976. It houses the only chemistry labs on campus for all undergraduate students. With asbestos issues and other life safety concerns, OIT comprehensively demonstrated how this facility is in need of intervention and will cause severe disruption to the student experience should it suffer a catastrophic loss of use.

Student Success for Underserved Population – WOU Student Success Center

The Student Success Center is the cornerstone of WOU's efforts to maximize retention and graduation rates. Clustering student support services, and allowing for additional space for student engagement, will support these efforts. WOU explicitly defined the projected impact on retention and graduation rates as a result of this project and set clear expectations.

Policy Recommendations

The strategic capital development plan (SCDP) has guided the process of revising the rubric. In addition, a number of key findings and recommendations in the report could also make for effective policy and should be communicated to the Legislature.

A draft letter of transmission is included in appendix D for consideration. The letter includes the following policy recommendations:

- **Incorporate a broader definition of capital investment.** Funding demolition projects without a replacement of like facilities.
- **Focus on capital improvement and renewal (CIR).** Provide additional funding through the existing CIR formula to drive more funding to institutional deferred maintenance projects.
- **Pursue process improvements.** Collect facility inventory and other relevant data upon to allow for a better understanding of capital needs.

Staff Recommendation:

Staff recommends the subcommittee approve the 2020 Public University Capital recommendations for consideration at the full Commission meeting.

A motion to adopt the prioritized list as presented for the Commission's consideration.

Appendix A: Revised 2019-2021 University Capital Project Rubric

100 Total Points Available

A Strategic Capital Development Plan

1-52 Points

| Points | Components within the Plan |
|---------------|--|
| 24 | Space renewal, workforce or completion priorities Proposals that increase the efficiency and effectiveness of educational and general space as measured by space utilization statistics. Or address workforce needs pursuant to the SCDP as demonstrated by the measured gaps in completers versus job openings. Or support student success and degree completion numbers pursuant to the 40-40-20 Strategic Plan. |
| 12 | Addressing deferred maintenance issues Proposals that either reduce deferred maintenance or lead the institution to create a deferred maintenance set aside account to proactively address future deferred maintenance needs. |
| 8 | Supports research and economic development Proposals that develop space in support of the expansion of research efforts or the potential for additional research grant funding. Or create and expand employment opportunities relative to economy and workforce needs indicated in the SCDP by institution. Or support degree programs that are important to employers. |
| 8 | Collaboration with interested parties Proposals that include collaborative efforts between the university and other public service entities (or related parties) or the creation of consortia. |

B Operational Savings and Sustainability

1-8 Points

Projects are scored based on cost savings generated by operational savings. Or the potential for sustainability. Sustainability is defined as the ability to support continued efficiency or a project that possesses the quality of not being harmful to the environment or depleting natural resources.

| | |
|--------------------------------|--|
| C 1-10 Points | Life Safety, Security, or Loss of Use |
|--------------------------------|--|

Projects are scored based on the priority of the project to meet life, safety and code compliance needs of mission critical items, including lifecycle cost analysis or projects that support key programs and initiatives.

1. **Life Safety.** For a project to be considered critical, the project must predominantly address facility deficiencies (code compliance) related to the health, safety, and welfare of the occupants and the public. The request will be considered as to the significance of the hazard or risk the facility conditions pose and the immediacy of the period requested to address those concerns.
2. **Security.** The proposal supports a safe and secure environment in all buildings and grounds owned, leased and/or operated by the universities. The proposal promotes safety through policies and programs. The proposal safeguards the university's property and physical assets.
3. **Loss of Use.** A project may be considered critical if it addresses imminent loss of use due to facility deficiencies. These can include mechanical, electrical, or structural systems as well as the accreditation requirements of a program. Critical loss of use projects would directly result in the inability of that program to function in the related area and/or maintain the funding necessary to sustain that program.

| | |
|-------------------------------|-------------------------------|
| D 1-5 Points | Institutional Priority |
|-------------------------------|-------------------------------|

Each institution will identify the top three projects from only the tier one category as defined by the university presidents:

- 5 points – 1st priority
- 3 points – 2nd priority
- 1 points – 3rd priority

E Student Success for Underserved Populations

1-10 Points

Projects are considered based on the expected impact of the project on student success as defined by degree or certificate attainment or the reduction of equity gaps, with special emphasis on those underserved populations that are similarly emphasized in the Student Success and Completion Model:

1. Low income
2. Underrepresented minority
3. Rural
4. Veteran

F Leveraging Institutional Resources

1-15 Points

External funding should be a factor in prioritizing projects, but should not inappropriately determine institutional or state priorities. The campus match component identifies a minimum percentage of project costs to be borne by the institution, ideally from external funding but which could include grants, donations or other funds not derived from institutional or state resources.

Technical and Regional institutions have an adjusted matching schedule to acknowledge a smaller external funding base in the rural communities of the state. The matching expectation is also adjusted by the type of project whether it is new construction or the major renovation of an existing facility.

Ten points are based on the level of matching and five points are based on the availability of funds according to the schedules below.

| OSU and UO Matching | | |
|---------------------|------------------|------------------|
| % Match | New Construction | Major Renovation |
| 25% or over | 10 | 10 |
| 24% | 8 | 10 |
| 15% | 6 | 10 |
| 10% | 5 | 9 |
| 5% | 4 | 5 |

OR

| PSU Matching | | |
|---------------------|-------------------------|-------------------------|
| % Match | New Construction | Major Renovation |
| 15% or over | 10 | 10 |
| 12% | 8 | 10 |
| 9% | 6 | 10 |
| 6% | 5 | 9 |
| 3% | 4 | 5 |

OR

| Technical Regional Matching (EOU, SOU, OIT, WOU) | | |
|---|-------------------------|-------------------------|
| % Match | New Construction | Major Renovation |
| 5% or more | 10 | 10 |
| 4% | 8 | 10 |
| 3% | 6 | 10 |
| 2% | 4 | 7 |
| 1% | 2 | 5 |

AND

| Majority pledged or in hand verified in proposal | |
|---|---------------|
| % Match | Points |
| 100% add | 5 |
| 75% add | 4 |
| 50% add | 3 |
| 25% add | 2 |
| 0%>=10% add | 1 |
| 0% | 0 |

Appendix B: Prioritized List of Public University Capital Projects

| Priority | Institution | Project Submittals | HECC Rubric Score | XI-G | XI-Q | Subtotal | Gifts/Other | Project Total | State Running Total |
|----------|-------------|--|-------------------|----------------------|-----------------------|-----------------------|----------------------|-----------------------|---------------------|

Cascades Hall Demolition Project 2020

The Cascades Complex at Southern Oregon University was built in phases in the early 1960s. It consists of eight residence halls situated around a cafeteria. As it neared the end of its 50-year lifespan SOU explored repurposing the complex; both internal and consultant reviews identified complex fire/life/safety issues that preclude re-purposing the space. Subsequently, SOU developed new residence halls and cafeteria space in a more favorable location on campus using a public-private partnership. Since 2013 the Cascades Complex has served as swing space during construction projects including Science, Theatre, Athletics, and Health/Physical Education/Leadership.

Current Conditions:

- > Two wings (Forest and Glacier) condemned
- > HVAC system at end of life
- > Roof leaks
- > Plumbing system degraded
- > Steam system piping at end of life
- > Facility fails to meet ADA, ASHRAE and seismic standards
- > Asbestos on all Mechanical Equipment

Cascades is ranked **#1** by Sightlines LLC as having the highest maintenance backlog of all buildings. When in full operation Cascade consumed **65%** of all steam generated during winter and **65%** of all electrical use during the summer. Demolition will reduce deferred maintenance backlog by **\$12M**. In addition, this project creates economic development opportunities at SOU by opening up land in the middle of Ashland for development.

Proposed state demolition project scheduled to start in June 2021 would completed by March 2022.

Salem, OR 97301

Dear Co-Chairpersons:

Pursuant to ORS 352.089(5), we recently submitted the HECC's recommendations for state investments in public university capital projects, to be considered during the 2020 session. To develop our prioritized list of projects, the Commission employed a scoring rubric that had been significantly revised to reflect recommendations contained within the 10-year comprehensive strategic capital development plan (SCDP) that our consulting partners developed during 2019. Among other things, the SCDP recommends placing a greater emphasis on renewal and repair, particularly where projects support programs aligned with the state's workforce and demographic needs.

However, the rubric represented just one tangible result of the SCDP. As the Commission begins to explore how to respond to other key findings in the report, it has developed an initial set of capital policy recommendations. We believe these recommendations could be implemented as early as the 2021-23 biennium. We outline three recommendations below:

1) Incorporate a Broader Definition of Capital Investment

As recommended in the SCDP, the state's understanding of the types of projects that should qualify for capital funding could be broadened to include the last phase of a facility's life cycle, which is the demolition of property that is at the end of its useable life. Given the ineligibility of demolition projects for state bonding, the state would need to appropriate funding for the demolition of facilities deemed not salvageable and well beyond their useful life. Doing so will address significant, existing deferred maintenance and would take place in light of an overall surplus of space.

It is likely that a very modest state funding commitment would meet existing and anticipated demolition needs. An example of an existing need is the Cascade Hall demolition project at SOU. This post-WWII era building is well beyond its useful life and could be demolished in light of a surplus of instructional space on campus. It is more cost effective to demolish the facility than to modernize it. This \$3.5 million demolition would remove \$12 million in deferred maintenance.

FOR MORE INFORMATION, CONTACT:

Jeanne Stallman, Director of Government Relations • 541-552-6733 or stallman@sou.edu

Update on Revisions to the Student Success and Completions Model

Docket Item:

SSCM Evaluation – Line Items within Mission Differentiation Funding

Summary:

Information about the mission differentiation funding line items is included in the appendix to this docket item. There are 33 items totaling \$69 million.

Docket Material:

A review of the student success and completion model (SSCM) was conducted at the last meeting of the funding and achievement subcommittee. The subcommittee members asked for more information regarding the line items of funding included within the mission differentiation portion of the funding model. The Budget Report Summary (BRS) provides that information.

The appendix of this docket item also includes a list of the items and their descriptions.

Staff Recommendation:

This is an informational and discussion item only.

Appendix: FY 2019-20 Mission Differentiation Allocation by Line Item

MISSION SUPPORT PROGRAMS

Building Maintenance, Statewide Public Service Facilities

This program provides funds for OSU to operate and maintain Statewide Public Service facilities (related to all three SWPS programs) on its Corvallis campus.

Campus Public Service Programs

This program provides omnibus funding for campus public service program operations at all seven public universities. The HECC does not specify or track the distribution of funds between each institution's Campus Public Service Programs.

Collaborative Nursing Program

Funding is provided to support EOU, OIT, SOU, and WOU for hosting OHSU nursing students. OHSU receives the tuition dollars for the nursing courses taught on these regional campuses. This supplement supports the cost of providing common services to the students.

Engineering Technology Graduate

In order to account for the increased cost of engineering graduate programs, funds are allocated to OIT/OSU/PSU to support their graduate engineering programs. Funding is determined by multiplying the calculated rate by resident FTE per campus in CIP 14 (Engineering). The funds available for this line item are adjusted each year in the same manner as other Mission Differentiation components; however, the distribution of those funds between institutions is determined by data on an annual basis.

Engineering Technology Undergraduate

In order to account for the increased cost of engineering programs, funds are allocated to OIT and PSU in order to support the undergraduate engineering programs. Funding is determined by multiplying the calculated rate by resident FTE per campus in CIP 15 (Engineering Technologies). The funds available for this line item are adjusted each year in the same manner as other Mission Differentiation components; however, the distribution of those funds between institutions is determined by data on an annual basis.

Health Professions Programs

Funding is provided to increase nursing prerequisite courses for the Oregon Consortium for Nursing Education (OCNE) program and to expand the OIT health professions programs. The program funds are managed by OIT and distributed to various campuses in order to support specific program objectives.

UO Law Underpinning

Underpinning funding is provided to the University of Oregon Law School, Oregon's only public law school. This line item did not exist as part of the RAM but is included in the SSCM to provide a stable base of funding for the UO Law program to buoy it from funding inconsistencies that otherwise may be caused by positive and negative enrollment spikes. UO Law student credit hour completions and degree

completions will continue to earn additional resources through the SSCM, but at a reduced rate. The baseline underpinning funding is based on an assessment of recent enrollment and funding for the UO Law program. Funding available as Law Underpinning will be adjusted each year in a similar manner to other Mission Differentiation components.

OCATE/Engineering

The Oregon State Board of Higher Education formed the Oregon Center for Advanced Technology Education (OCATE) in April 1985 with \$1 million from state lottery funds. The Center offered programs in engineering education in partnership with Oregon universities. Currently, funding enables employees of the high technology economic sector of Washington County to take graduate courses at Portland State University's Maseeh College of Engineering and Computer Science.

OIT Terminal Health Programs Underpinning

Underpinning funding is provided to OIT as support for health programs of study that terminate in less than a Bachelor's Degree. This line item did not exist as part of the RAM but was inherent in its enrollment-based funding mechanism. With the transition to the SSCM, programs offering less-than-4-year degrees do not earn completion-based SSCM funding. Providing Mission Differentiation funding ensures that these health programs continue to be offered by OIT to the benefit of the citizens of the region. The baseline underpinning funding was based on an assessment of recent enrollment and completions in these health programs.

Oregon Wide-Area Education Network

The Oregon Wide-Area Education Network (OWEN) is a collaboration of four state computer networks to realize cost savings by sharing bandwidth and access to Internet providers and is hosted at UO. The networks include the Network for Education and Research (NERO) network, the Oregon Department of Administrative Services' (DAS) network, the Oregon Public Education Network (OPEN), and the state's K-12 network.

OSU Pharmacy Underpinning

Underpinning funding is provided to OSU as support for its Pharmacy program. This line item did not exist as part of the RAM but is included in the SSCM to provide a stable base of funding for the Pharmacy program to buoy it from funding inconsistencies that otherwise may be caused by positive and negative enrollment spikes. Pharmacy student credit hour completions and degree completions will continue to earn additional resources through the SSCM, but at a reduced rate. The baseline underpinning funding is based on an assessment of recent enrollment and funding for the Pharmacy program. Funding available as Pharmacy Underpinning will be adjusted each year in a similar manner to other Mission Differentiation components.

PSU New Leadership Oregon

The National Education for Women's (NEW) Leadership of Oregon program is an award-winning women's leadership development program housed at the Center for Women, Politics & Policy at Portland State University (PSU). NEW Leadership Oregon's goal is to develop an inclusive women-centered leadership program that will educate and encourage outstanding college women to develop career paths in politics and public service.

Oregon Biodiversity Information Center at PSU

The Oregon Biodiversity Information Center (ORBIC) is part of the Institute for Natural Resources (INR) and is based at Portland State University (PSU). ORBIC leads INR's biodiversity and conservation work; and its key function is to maintain, develop and distribute biodiversity information in Oregon. The center works with partners across the region to provide the most comprehensive information on plants, wildlife, fish, fungi, and vegetation communities throughout Oregon. ORBIC houses information including the most comprehensive database of rare, threatened and endangered species of Oregon. ORBIC was originally formed by the Oregon Legislature in 1979 as the Oregon Natural Heritage Program.

Regional Solutions Centers

Beginning in FY2013, this program provides support to those universities (EOU, OSU-Cascades, PSU, and UO) that offered to house the Governor's Regional Solutions Centers on their campuses and is intended to offset administrative and space costs associated with hosting these offices.

Oregon Biodiversity Information Center at PSU

The Oregon Biodiversity Information Center (ORBIC) is part of the Institute for Natural Resources (INR) and is based at Portland State University (PSU). ORBIC leads INR's biodiversity and conservation work; and its key function is to maintain, develop and distribute biodiversity information in Oregon. The center works with partners across the region to provide the most comprehensive information on plants, wildlife, fish, fungi, and vegetation communities throughout Oregon. ORBIC houses information including the most comprehensive database of rare, threatened and endangered species of Oregon. ORBIC was originally formed by the Oregon Legislature in 1979 as the Oregon Natural Heritage Program.

Rural Access

This EOU-based program seeks to create, develop, and encourage a college-going culture in rural Oregon to increase the percentage of high school graduates attending college to the state average, resulting in an increased investment in economic development in the region and an increased regional and state tax base.

Southwestern Oregon University Center

The Southwestern Oregon University Center (SOUC) is an EOU and community college collaboration that offers a selection of undergraduate and graduate degree programs on the campus of Southwestern Oregon Community College (SWOCC) in Coos Bay. The collaboration allows students the opportunity to earn a degree from an Oregon university while living in Coos Bay. The SOUC provides advising for all of Oregon's state universities and on-site representatives from Eastern Oregon University and Linfield College.

Statewide Access

Statewide Access allocates state support to OIT to provide technology education on a statewide basis. The original allocation was made in 2001-03 and held constant for four years. Beginning in 2005-07, this program was subject to inflation as well as legislative adjustments.

Systemwide Expenses / Programs

Funding is intended to cover certain assessments by the state of Oregon. Additionally, funding may also be used to provide endowment matches, funds for faculty diversity, funds for students with disabilities and funding for the ORBIS library consortium.

OSU Veterinary Medicine Underpinning

Underpinning funding is provided to OSU as support for its Veterinary Medicine program. This line item did not exist as part of the RAM but is included in the SSCM to provide a stable base of funding for the Veterinary Medicine program to buoy it from funding inconsistencies that otherwise may be caused by positive and negative enrollment spikes. Veterinary Medicine student credit hour completions and degree completions will continue to earn additional resources through the SSCM, but at a reduced rate. The baseline underpinning funding is based on an assessment of recent enrollment and funding for the Veterinary Medicine program. Funding available as Veterinary Medicine Underpinning will be adjusted each year in a similar manner to other Mission Differentiation components.

Veterinary Diagnostic Laboratory

The OSU Veterinary Diagnostic Laboratory is a public-supported facility providing a full range of animal disease diagnostic services to veterinarians, livestock producers, pet owners, and biomedical researchers. In addition to diagnostic services, the Laboratory shares in the training of future veterinarians through instruction of veterinary medical students in the practice of diagnostic medicine.

REGIONAL SUPPORT PROGRAMS

Continuation of 2011-13 Regional Support

This program continues supplemental appropriations for the four Technical and Regional Universities (TRUs, consisting of EOU, SOU, WOU and OIT). The supplemental appropriations were first established in the 2011-13 biennium.

EOU Supplemental Support (Fundable FTE Supplement)

Under the now-retired RAM funding system, all students at EOU were considered “fundable,” which meant enrollment-based state support was earned by both resident and non-resident student credit hour completions. Because the SSCM only provides funding based on resident student achievement and completions, EOU would have lost a substantial amount of its share of state funding. The EOU Supplemental Support Mission Differentiation line provides additional state funding to offset what otherwise would be lost in the transition of data from the “fundable” basis to the “resident only” basis. The funding will continue in future years and receive the same inflationary adjustments as other MD line items.

Regional Access

This program provides core support for regional institutions with small enrollment bases to ensure geographic access to public higher education for all Oregonians.

Regional University Support Adjustment

The Regional University Support Adjustment provides \$13,010,121 in FY 2019-20 as support for institutions reporting fewer resident FTE than 7,500. The funds are distributed proportionally between

EOU, OIT, SOU, WOU, and OSU-Cascades according to how far below the 7,500 FTE threshold each institution falls (OSU-Cascades receives a discounted proportion-- 60%--of funding). The total funding available will change at the same rate as other Mission Differentiation items but the allocation of those funds will be recalculated each year, reflecting annual changes in FTE counts at the eligible institutions.

Retrenchment, Retention and Graduation and Underpinning

Funding for these three programs was implemented in 2007-09 as a result of legislative support for financial stability at regional campuses and to provide incentives for retention and graduation at those institutions. The retention and graduation component was introduced to provide resources and incentives for campuses to develop and begin implementing plans to achieve improvements. The intent of this shift was to move toward allocations based on realized achievement improvements.

TRU Shared Services and IT Fifth Site

These programs provide funding to the TRUs to support their increased costs as a result of the new University Shared Services Enterprise (USSE) which replaced much of the shared services previously provided by the OUS Chancellor's Office. Under HB 2611 (2015), the USSE will exist in its current form until at least the end of the current biennium, with the exception of risk management services, which may be provided by individual campuses instead of the USSE if the campuses so choose. At this time, only UO has done so. In addition, under SB 54 (2017), Shared Services must provide benefits necessary to maintain the tax-exempt status of capital bonds.

RESEARCH SUPPORT PROGRAMS

Sponsored Research

This program provides support for research as an incentive to attract additional sponsored research to the campuses. Support levels were calculated in 1996-97 based on 4% of Sponsored Research expenditures. Subsequent to 1996-97, funding levels for this program are based on this initial allocation, inflation, and legislative cuts.

Faculty Salaries-Research

This program provides additional research support to institutions on the basis of instructional faculty salaries, specifically, 3% of faculty salaries at OSU, PSU and UO, and 2% of faculty salaries at EOU, OIT, SOU, and WOU in 1996-97. Subsequent to 1996-97, funding levels for this program were based on this initial allocation, inflation, and legislative cuts.

UNIVERSITY ADVANCEMENT AT SOUTHERN OREGON UNIVERSITY

Creating awareness, engagement, and support

SOUTHERN OREGON UNIVERSITY HAS BOLD ASPIRATIONS.

ITS VISION IS TO BECOME AN INCLUSIVE, SUSTAINABLE UNIVERSITY FOR THE FUTURE THAT GUIDES ALL LEARNERS TO DEVELOP THE KNOWLEDGE, CAPACITIES, AND AUDACITY TO INNOVATE BOLDLY AND CREATE LIVES OF PURPOSE.

FOR NEARLY TWO YEARS, THE CAMPUS COMMUNITY SOUGHT TO DEFINE THE UNIVERSITY'S PATH TOWARD A SUSTAINABLE FUTURE, ONE THAT IS FINANCIALLY SECURE, ACADEMICALLY STRONG, AND REGIONALLY ENGAGED. A KEY TO MEETING THESE GOALS IS ENHANCING THE UNIVERSITY'S RELATIONSHIP WITH ITS ALUMNI AND FRIENDS.

Implementing an Advancement Model will serve SOU's various constituents – students, alumni, donors, and friends – by coordinating campus, regional, and national outreach. This coordination will celebrate and engage each constituent's unique relationship with SOU while placing these relationships within the proper context. Carefully crafted engagement opportunities and messages will leverage the strengths and expertise of marketing and communications, alumni relations, development, legislative, and admissions efforts to achieve the highest level of awareness, engagement, and support for the university in the long term.

What is University Advancement?

Advancement is a strategic, integrated method of managing relationships to increase understanding and support among an educational institution's key constituents, including alumni and friends, government policy makers, the media, members of the community, and philanthropic entities of all types.

The primary goals of an Advancement unit are to:

1. Build relationships that advance the knowledge and awareness of and affinity for the institution's mission and success of its students
2. Secure private financial support from potential donors
3. Promote and engage alumni in the life of the institution as volunteers, advocates, and supporters
4. Promote or market the institution to prospective students, their parents, and others
5. Communicate about the institution with those who have a stake in its success, including community members, business leaders, government officials, the press, and others

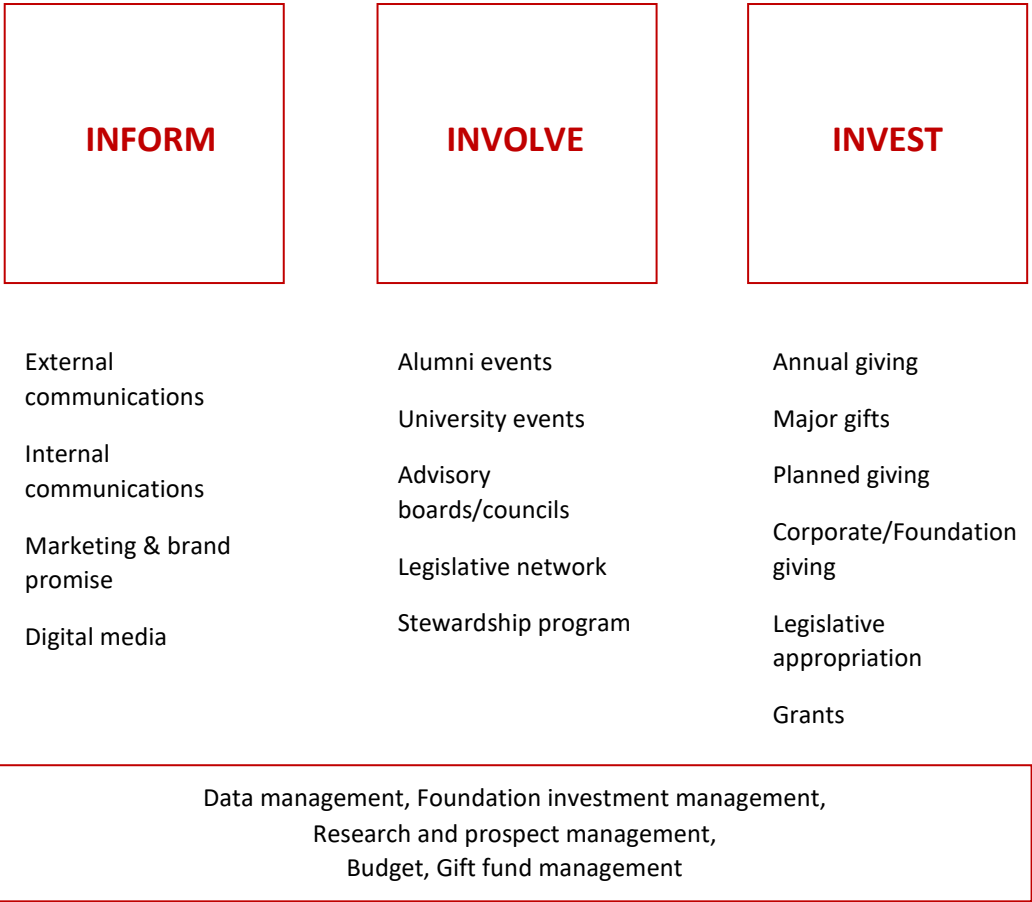

Characteristics of Advancement

If Advancement is the integration of resources devoted to externally focused activities, then the following are necessary to achieve success:

- A consistent focus on each stage of a constituent's life cycle—whether the constituent is an alum or legislative leader—as well as the matrix of affinities for each individual
- Ability to employ a myriad technologies – social media, custom communications, video and other media – to reach each constituent
- A seamless, collaborative network of external relations professionals across campus, including development, alumni relations, unit external relations, outreach and engagement, marketing, and strategic communications staff
- An enhanced culture of engagement and philanthropy among faculty and staff across the institution
- A unified communications strategy that uses a singular voice and yields brand clarity, including coordinated direct marketing efforts across campus
- Maintenance of a data system and structure that manages constituent relationships

Advancement in Practice

Defining the Needs of the University

The university Strategic Plan details a number of areas where an Advancement Model can benefit the institution. By coordinating and leveraging the variety of individual work that occurs across campus, we can improve and enhance our collective work. The following Strategic Directions directly address Advancement:

SD2, GOAL 3: SOU WILL ALIGN ITS INTERNAL AND EXTERNAL COMMUNICATIONS TO FOSTER GREATER COLLABORATION AND ENHANCE ITS CREDIBILITY.

As evidenced from the PLC work conducted during summer 2019, SOU has an opportunity to elevate the messages about the institution. This is supported by the survey results from SimpsonScarborough (SS). Using data from the SS study, we have an opportunity to re-brand the institution and build credibility among the various constituent groups whose involvement and support are important to the university's future.

SD5, GOAL 1: SOU WILL DEVELOP, IMPLEMENT AND MONITOR A COMPREHENSIVE STRATEGIC ENROLLMENT MANAGEMENT PLAN.

Nearly all of SOU's high-level external messaging is directed to current and future students, but these messages don't always resonate with key decision-makers, such as parents, donors, and alumni. In an Advancement Model, these messages would be broadened to be more inclusive while also supporting the university's new strategic enrollment management plan.

SD5, GOAL 4: SOU WILL INVEST IN OPPORTUNITIES THAT GENERATE ADDITIONAL GIFTS, GRANTS, AND SPONSORSHIPS FROM EXTERNAL SOURCES.

SOU has recently added resources to increase fundraising for the campus. This investment demonstrates the university's commitment to securing external funds to ensure the university's financial security. To launch successfully the university's first comprehensive campaign, SOU must continue to expand its outreach to alumni and other philanthropic entities through coordinated communications, events, and strategic partnerships.

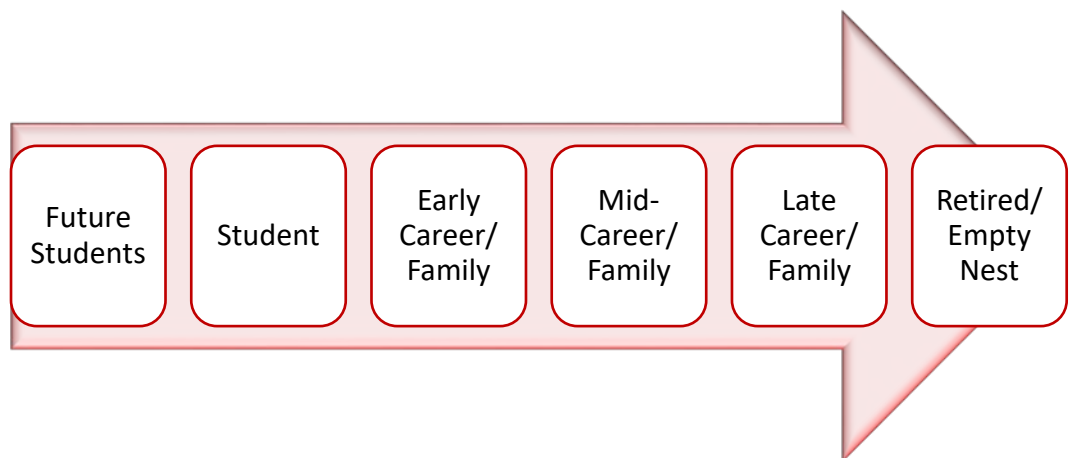

SD7: SOU WILL BE A CATALYST FOR ECONOMIC VITALITY, CIVIC ENGAGEMENT AND CULTURAL ENRICHMENT THROUGH ONGOING COLLABORATIONS WITH LOCAL, STATE, NATIONAL AND GLOBAL PARTNERS.

Building relationships with all of SOU's important strategic partners (business, alumni, donors, and legislators) is critical for the long-term health of the university. Advancement necessitates collaboration across audiences.

The Life Cycle of a Constituent

An important feature of Advancement is evolving the university's relationship with each of its constituents. The most effective engagement occurs through targeted, personalized communications and activities that are meaningful and valuable to the individual and the university. As such, developing unique relationships begins by structuring and implementing programs/activities that recognize and react to the preferences of each constituent, whether they are parents, prospective students, or legislators.

To achieve success, SOU will need to connect the work of alumni relations, development, marketing and communications, admissions, and external relations professionals working together toward well-defined, strategic objectives. In addition, it requires that those charged with building constituent relationships also create a comprehensive university-wide network of faculty and staff who provide service, support, and consistently high levels of service to all of our constituents.

SOUTHERN OREGON UNIVERSITY HAS MOMENTUM.

TO CAPITALIZE ON THE OPPORTUNITY TO CREATE A COHESIVE AND COLLABORATIVE PLAN TO MEET THE UNIVERSITY'S EVOLVING NEEDS, WE ENVISION THE FOLLOWING FOCUS AREAS AS INTEGRAL TO ADVANCING OUR STRATEGIC VISION.

Programmatic Focus Areas

Communications Strategy to Advance and Promote SOU and its Impact

A re-imagined communications strategy must be developed that exhibits a stronger singular voice to share the Southern Oregon University institutional story, including alumni engagement and philanthropic impact messages, with more constituents regardless of alumni status. SOU strategic communications priorities should also be shared in targeted, highly coordinated, and timely messages to alumni and friends through program and divisional strategies.

Student Awareness and Education

Development of enthusiastic alumni is directly correlated with the quality of the student experience. While students are on campus, the university has the opportunity to capitalize on the qualities that create an engaged and loyal alumnus/alumna – high-quality academic programs; personal relationships with other students, faculty, and staff; value beyond the classroom experience; career and professional life preparedness; traditions; and campus life.

Alumni Career Expertise

Alumni contribute to the academic mission of the university and can aid the career success of SOU students and their fellow alumni by sharing their career experiences. In doing so, the individual alum is afforded the opportunity to meaningfully interact with SOU faculty and students by participating in classes, providing real-world experiences or case studies, supporting internship and mentoring initiatives, and expanding the impact of SOU.

Enhanced Alumni and Donor Engagement

To complement the life cycle approach, SOU will need to build a robust regional engagement program. While a significant number of SOU alumni live in the Rogue Valley, there are large pockets of alumni along the western United States, and SOU must maintain a consistent presence to develop and expand relationships with these alumni and friends. Alumni can assist in student recruiting/admissions activities and can offer early-career support for young alumni. Alumni have the greatest potential to become philanthropic supporters during their lifetimes.

Athletic Activity Engagement

Although the need exists to better coordinate all external relations activities, there is a powerful opportunity to enhance integration with the Department of Intercollegiate Athletics. Events and communications materials can be coordinated to benefit the entire campus rather than only the athletic booster, and athletic information can be shared more broadly with all university friends.

Corporate Engagement

A collaborative model of engagement also aligns with a university corporate relations component that coordinates the multitude of campus touchpoints with key corporate partners. By adding a corporate relations component to Advancement, SOU can coordinate its approaches to the regional and state business communities, recognizing their value and connection to the university while streamlining the numerous philanthropic approaches that currently occur.

Legislative Advocacy

To amplify the university's message, we can harness the voices of 30,000 alumni through a structure that informs and mobilizes alumni to serve as advocates for the university within their organizations and with key external audiences (e.g. media, government, industry/educational organizations). Related, there are opportunities to enhance SOU's existing statewide outreach, providing in-state alumni another engagement opportunity through the creation of an Alumni Advocates Program.

University Recognition and Events

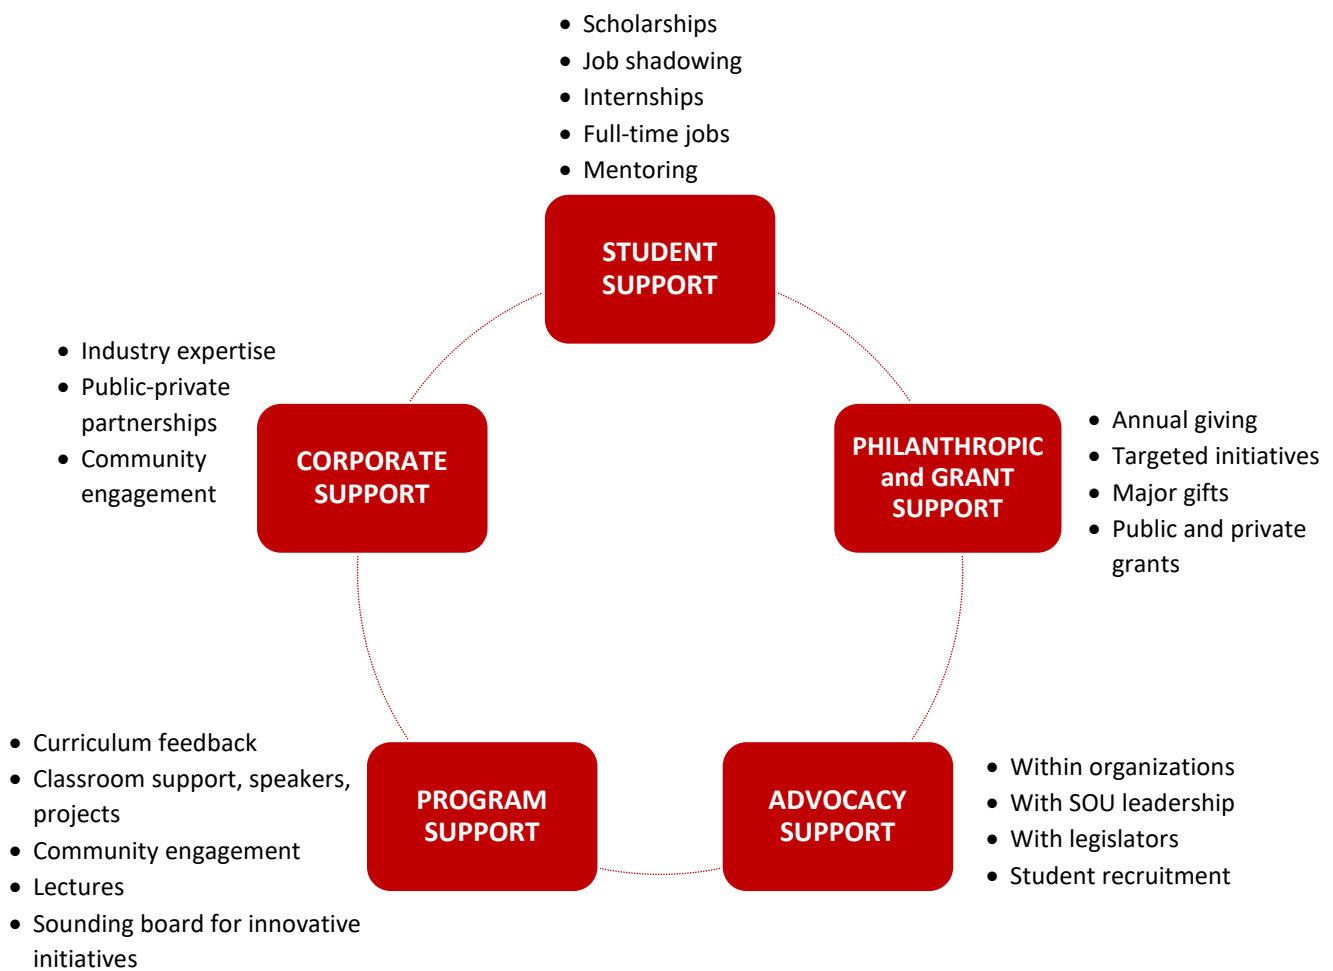

University recognition is a valuable tool in relationship-building. To be as success as possible, SOU can and should align all university and program events that have the highest potential to advance key relationships. Honoring public service, alumni achievements, and others (such as the Arts Medallion) should be coordinated to maximize potential engagement opportunities and create consistency across campus and leverage activity for the greater good.

Grants and Sponsored Programs

Coordinating the university's approaches to private as well as public granting organizations will be critical to raise significant funds during a campaign. With a relatively small portfolio of faculty members seeking external funding, opportunity exists to leverage the grant-writing capabilities of the Grants Office to increase revenue for university priorities.

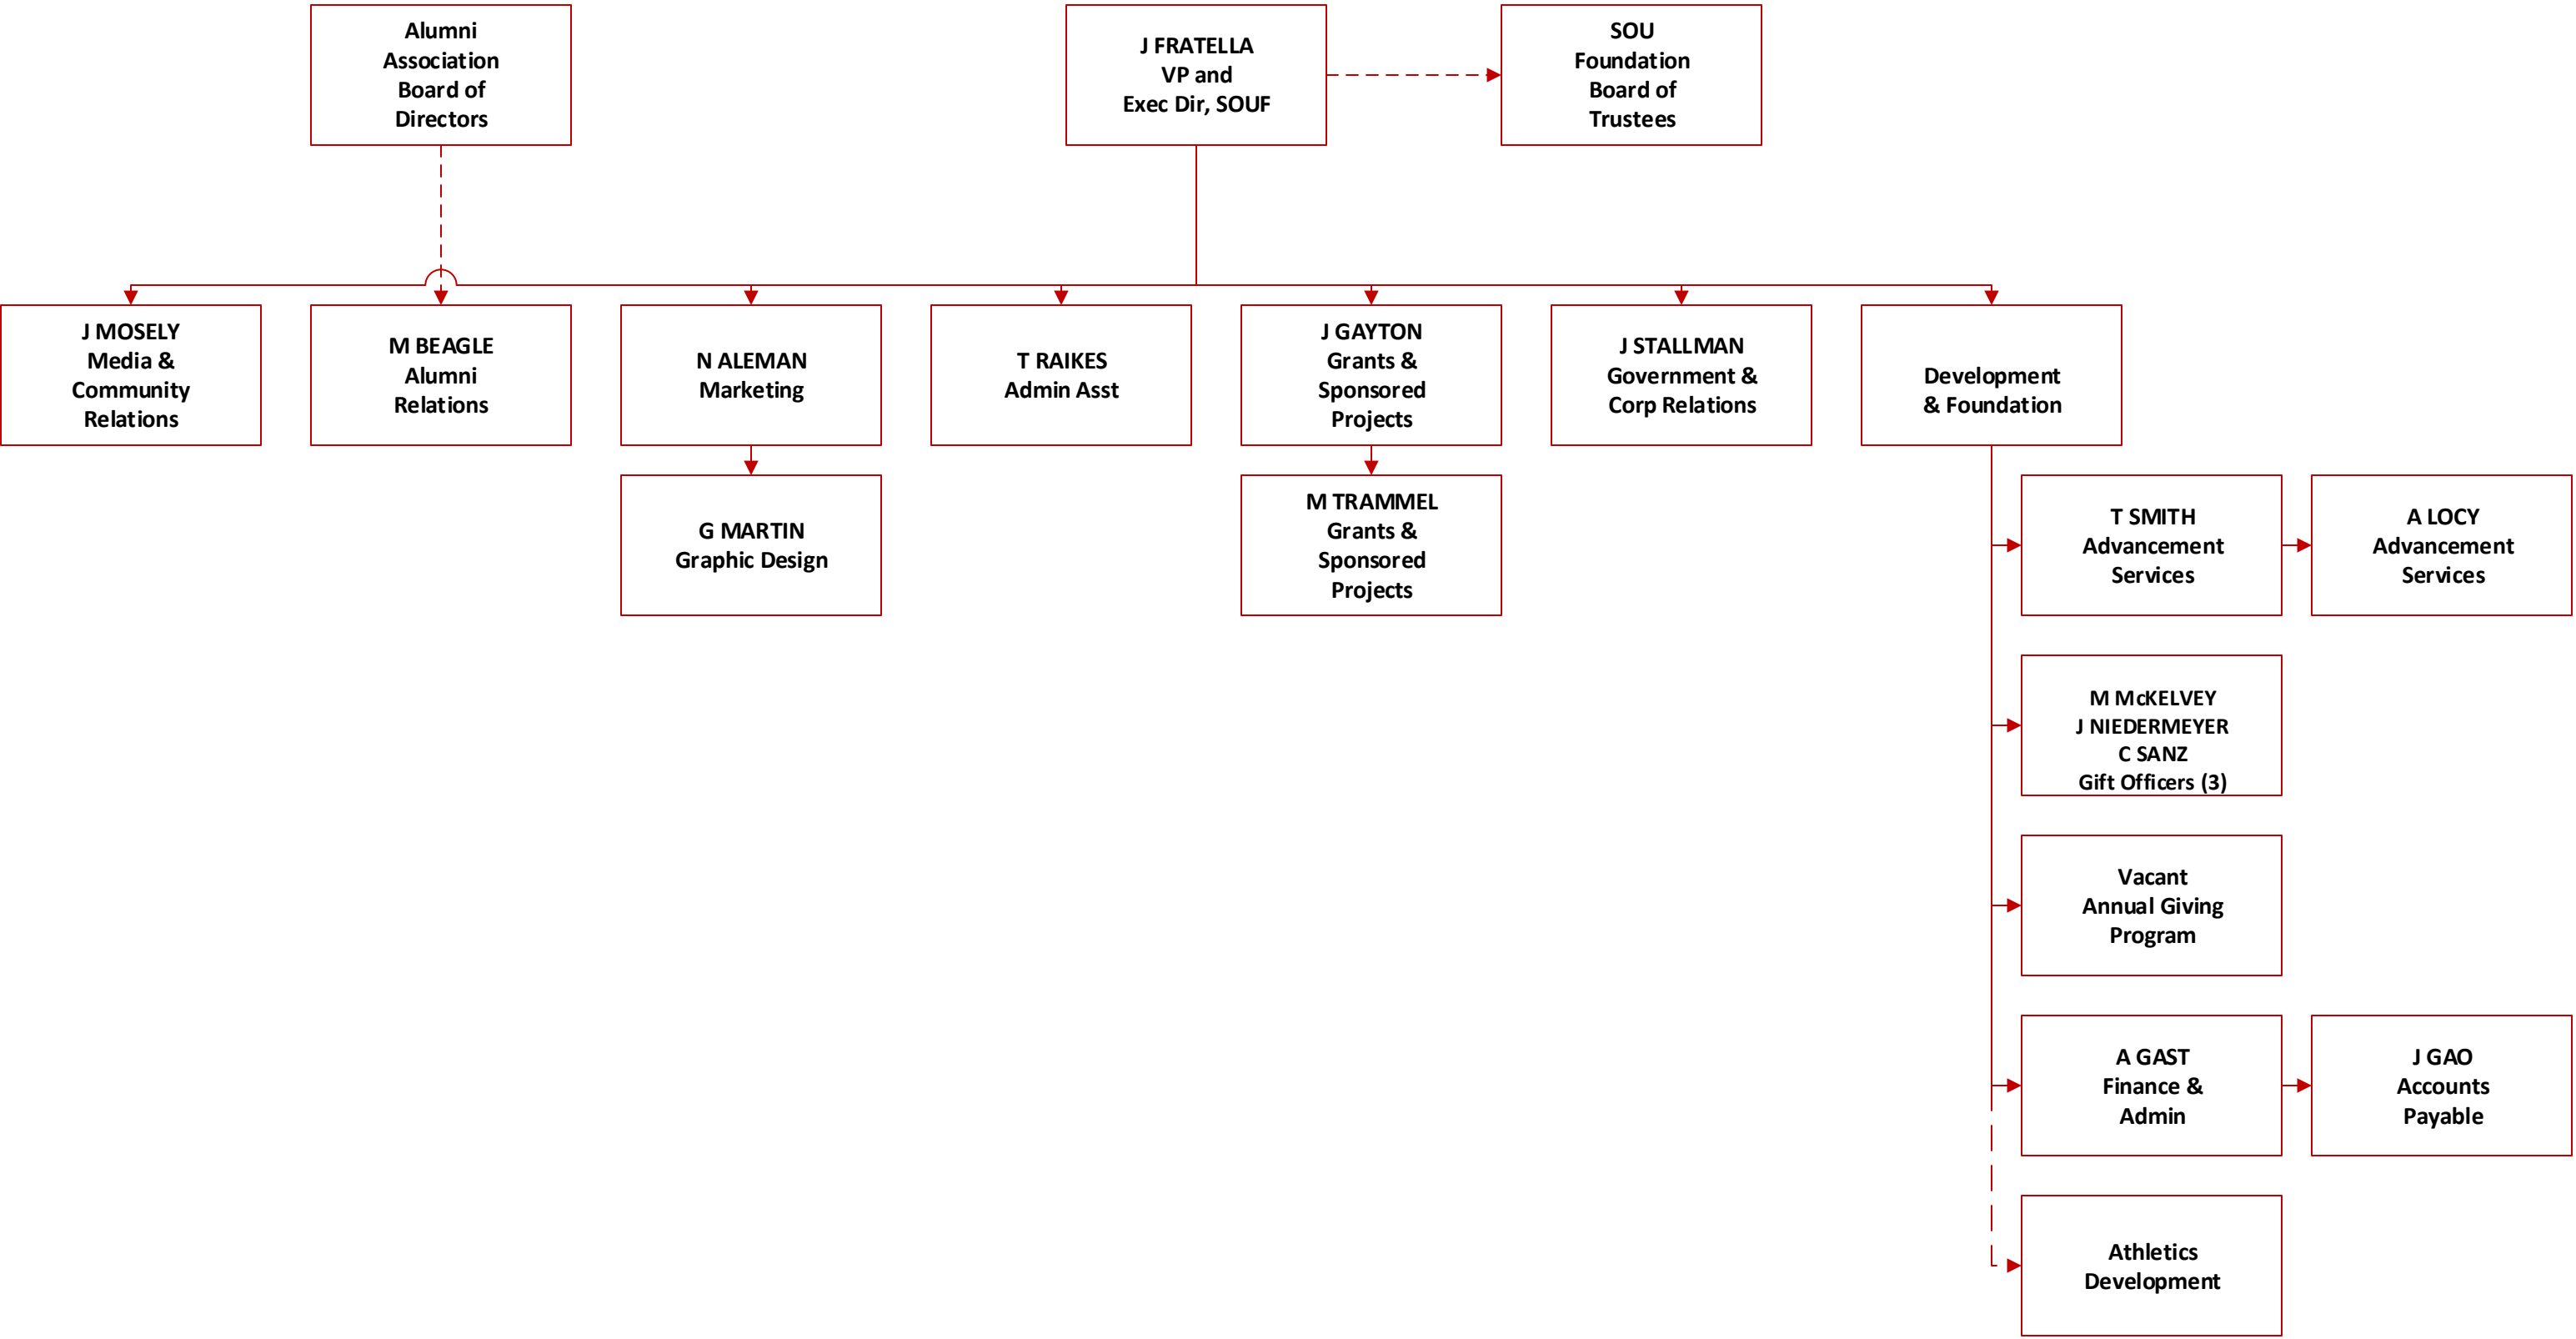

Benefits of Enhanced Engagement

By focusing on enhancing engagement and building relationships with all of its core constituents, SOU will see increased involvement with its partners.
