

Board Statement on Investments for the SOU Endowment Fund Board of Trustees of Southern Oregon University

1.0 Introduction

This statement governs the investment of the Southern Oregon University Endowment Fund (the "Fund").

This statement is set forth in order that the Board, the Investment Advisor, its investment managers and others entitled to such information may be made aware of the Policy of the Fund with regard to the investment of its assets.

This statement of investment policy sets forth the following:

- A. There will be a clear understanding by the Board, the Investment Advisor and staff of the investment goals and objectives of the portfolio.
- B. The Board and management have a basis for evaluation of the investment managers.
- C. The investment managers be given guidance and limitation on investing the funds.

It is intended the objectives in this policy to be sufficiently specific to be meaningful, but flexible enough to be practical. It is expected that the policy and objectives will be amended as necessary to reflect the changing needs of the endowment; however, all modifications shall be made in writing and approved by the Board.

2.0 Southern Oregon University Endowment Fund

The Fund is permanent and expected to operate in perpetuity, so these funds will be invested long-term. It is important to follow coordinated policies regarding spending and investments to protect the principal of the Fund and produce a reasonable total return.

3.0 Responsibility of the Board

The role of the Board is to recommend broad investment goals to the Investment Advisor, including spending rate information and to provide input into the asset allocation process.

4.0 Investment Advisor Responsibility

The Investment Advisor, and/or a designee, serves as consultant to the Board and will have the responsibility and authority to establish the asset allocation for the Fund and approve the retention and termination of all investment managers. The

Investment Advisor, and/or a designee, will recommend to the Board a specific asset mix reflecting judgments of the investment environment as well as the specific needs of the Fund. Other duties assigned to the Investment Advisor, and/or a designee, include:

- A. Recommending professional investment managers;
- B. Negotiating and/or monitoring Fund investment expenses;
- C. Monitoring investment managers, on an ongoing basis;
- D. Assuring proper custody of the investments; and
- E. Reporting to the Board, on a quarterly basis, the Fund's investment results, its composition and any other information the Board may request.

5.0 Spending Policy

The amount of endowment return available for spending (distribution) is based on a percentage of the average unit market value of the 20 quarters preceding the current fiscal year. The distribution per unit (under Exhibit A) is determined by the Board. The distribution amount per unit is multiplied by the current number of units and any additional units added during the current year as new endowment money comes into the Fund. This shall be exclusive of investment management fees.

6.0 Investment Policy Guidelines

6.1 Asset Allocation. The most important component of an investment strategy is the allocation among the various classes of securities available to the Fund. The Investment Advisor, in consultation with the Board, will establish the target asset allocation for the investments that will most likely achieve the investment goals of the Fund, taking into consideration the appropriate level of portfolio risk.

6.2 The risk/return profile shall be maintained by establishing the following long-term "target" strategic asset allocations:

| <u>Asset Class</u> | <u>Policy</u> | <u>Target</u> | <u>Benchmark</u> |
|--------------------|---------------|---------------|--------------------|
| Global Equities | 70-80% | 75% | MSCI ACWI IMI Net |
| Fixed Income | 20-30% | 25% | Barclays Aggregate |
| Cash | 0-3% | 0% | 91 Day T-Bill |

6.3 Investment Time Horizon. In making investment strategy decisions for the Fund, the focus shall be on a long-term investment time horizon that encompasses a complete business cycle (usually three to five years). An interim evaluation will be performed by the Investment Advisor, and/or a designee, if a significant change in fees, manager personnel, investment strategy, or manager ownership occurs.

6.3.1 While the quantitative assessment of managerial competence will be measured over a complete market cycle, the Board anticipates that the Investment Advisor will make period qualitative assessments as well. Specific qualitative factors considered by the Investment Advisor may include, but are not limited to, fundamental changes in the manager's investment philosophy, changes in the manager's organizational structure, financial condition and personnel, and any changes, relative to peers, in a manager's fee structure.

7.0 Prudence and Ethical Standards

7.1 Prudence. All participants in the investment process shall act responsibly. The standard of prudence to be applied by the Board, the Investment Advisor, selected designees, SOU staff and external service providers shall be the "prudent investor" rule, which states: "Investments shall be invested and the investments managed as a prudent investor would do, under the circumstances then prevailing and in light of the purposes, terms, distribution requirements, and laws governing each investment fund."

7.2. Ethics and Conflicts of Interest. Board members, Investment Advisory staff, selected designees, SOU staff and external service providers involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program or that could impair their ability to make impartial decisions. These parties are required to reveal all relationships that could create or appear to create a conflict of interest in their unbiased involvement in the investment process.

8.0 Investment Objectives

The investment objective of the Fund is to seek consistency of investment return with emphasis on capital appreciation over long periods of time, since the Fund will operate in perpetuity. In keeping with the performance goals included in the Policy, achievement of this objective shall be done in a manner that, over a long-term planning horizon, will meet the spending rate established by the Board (under Exhibit A) and maintain the purchasing power of the principal.

9.0 Manager(s) Responsibilities

9.1 Legal Compliance. The investment manager(s) is (are) responsible for strict compliance with the provisions of their investment management agreement.

9.2 Authority of Investment Manager(s) in the Managed Accounts. Subject to the terms and conditions of this Policy and the investment management agreement, manager(s) shall have full discretionary authority to direct investments of assets in

the managed accounts. The Investment Advisor, and/or a designee, will recommend changes to this Policy when the advisor(s) views any part of this Policy to be inconsistent with overall market, economic conditions, or investment policies.

9.2.1 The Investment Advisor directs all managers to vote proxies and to vote them in the best economic interest of the Fund. When requested, managers will report to the Investment Advisor regarding how proxies were voted.

9.2.2 Meetings between Fund managers and the Investment Advisor will occur consistent with the policies established for the Investment Advisor's other managers, to discuss items including, but not limited to, the manager's performance, outlook, and investment decision process.

10.0 Reporting Requirements

Investment results will be regularly monitored by the Investment Advisor, selected designees and Board staff.

A representative of the Investment Advisor, and/or a designee, shall report investment results, or other information, to the Board no less frequently than annually. Any material non-compliance with the Investment Policy, Guidelines and Objectives of the Fund or with the investment management agreement will be reported to the Board immediately.

11.0 Investment Guidelines

11.1 Cash. The Fund shall maintain minimal cash, consistent with short-term requirements. Short term cash will be invested in a liquid cash equivalent investment.

11.2 Fixed Income. Fixed-income securities, for purposes of these guidelines, shall mean mortgage-backed securities, U.S. government securities, investment-grade domestic or global corporate bonds, and other fixed income securities, such as certificates of deposit and commercial paper. The objective of this component of the Fund is to preserve capital in keeping with prudent levels of risk, through a combination of income and capital appreciation. Realization of income will be subordinate to safety, liquidity, and marketability (i.e., securities should be readily marketable). This component of the Fund shall adhere to the following criteria:

11.2.1 Average portfolio credit quality shall be A or better;

11.2.2 With the exception of U.S. Government and Agency issues, no more than 10 percent of the bond portfolio, at market value, will be

invested in the securities of a single issuer or 5 percent of the individual issue;

11.2.3 Below investment grade bonds shall not exceed 20 percent of the bond portfolio; and

11.2.4 Non-U.S. bonds shall not exceed 20 percent of the bond portfolio.

Fixed-income managers have full discretion over the allocation between long-term, intermediate, and cash equivalent investments.

11.3 Equities.

11.3.1 Objective: The objective of the equity portfolio is to enhance total return by investing in a broadly diversified portfolio of domestic and international stocks.

11.3.2 Strategy: Hold a fully invested, diversified portfolio of global equity securities, including emerging markets.

11.3.3 Permitted Holdings: Publicly traded domestic and international common stock, and other financial instruments consistent with the guidelines of the investment management agreements.

11.3.4 Diversification: The Investment Advisor shall recognize the need for diversification to minimize the risk of significant losses to the Fund. Diversification by capitalization, style, and sector distribution shall be obtained through the selection of complementary investment managers, or index strategies. Not more than 5 percent of the market value of any investment fund will be invested in any single issuer or security, unless part of an index fund.

11.3.5 Portfolio Restrictions: There will be no engagement in short sales, purchases on margin, or investments in options, futures, or private placements unless consistent with the underlying investment management agreements.

11.4. Performance. Performance expectations for each of the asset classes are described in Exhibit A.

12.0 Asset Custody and Securities Lending

Custodial responsibility for all securities is to be determined by the Board or its designee(s).

13.0 Conclusion

Implementation of this Policy, including investment manager selection, shall be the responsibility of the Investment Advisor, subject to the necessary approvals from the Board.

This Policy shall be reviewed by the Board at least every two years.
